TECH ON RECORDS

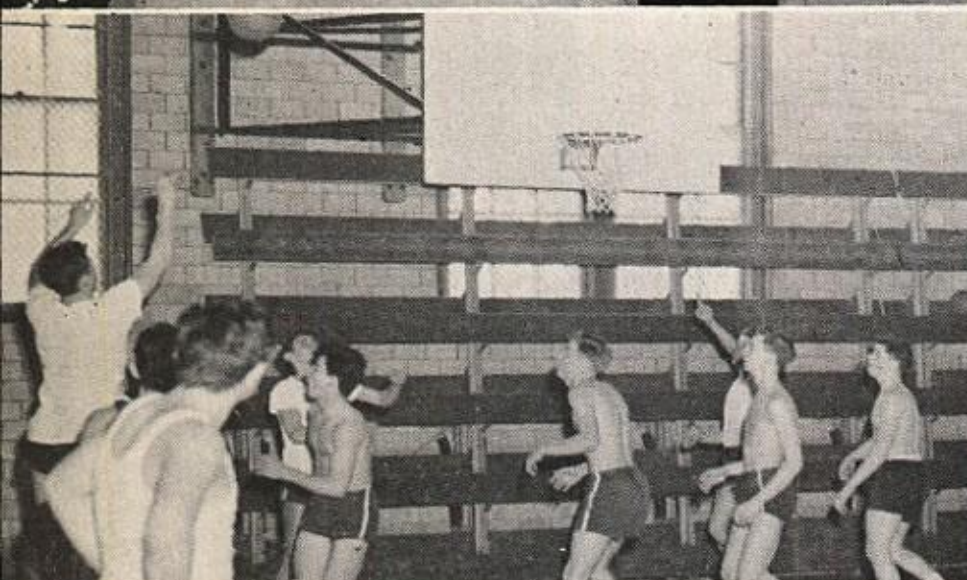

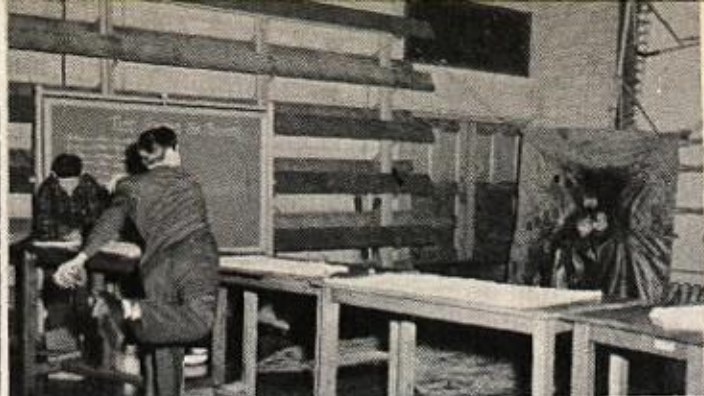

This year, the Tech Tiger yearbook staff is proud to present its idea of Technical High School life under the theme of "Tech on Records." The principals, teachers, office staff, and classes are all under the title of "Old Favorites." The seniors who have reached the top in high school are classified as "Gold Records." Their exalted position is sought after by the juniors, or "Current Hits," and the up and coming freshmen are "New Releases." The school's various activities have been named "Extras," all the sports have been grouped under the heading of "Requests," and the advertisers are "Sponsors."

Mr. Gifford

P R I N C I P A L S

The disc jockeys who keep our program running smoothly are Mr. Donald G. Gifford, our hard working principal, and Mr. Belding F. Jackson and Mr. Melvin A. Lynch, our kind and helpful assistant principals.

No one works any harder than Mr Gifford. He's in charge of everything from arranging programs to filling out college applications for hopeful seniors. Mr. Gifford is very interested in all Tech activities and can usually be found at any Tech game, cheering one of our teams on to victory.

Mr. Jackson supervises dances and other school functions including Tech News releases. He also investigates truancies and sponsors Student Patrol and Tantrums.

Mr. Lynch has the job of visiting all the junior high schools to tell the ninth grade students about Tech. He also assists with Technicade, investigates tardiness, and handles discipline.

Mr. Jackson

Mr. Lynch

OFFICE AND GUIDANCE STAFF

Tech has four capable office assistants. They are Miss Gilwech, Miss King, Mrs. Angers, and Mrs. Garvey. The head of the office staff is Miss Gilwech. Mrs. Garvey is the new assistant to Mr. Jackson, while Mrs. Angers assists Mr. Gifford. These assistants work together to make the office function with great efficiency.

Left to Right: Mrs. Garvey, Mrs. Angers, Miss Gilwech, Miss King

Left to Right: Mr. McMahon, Dr. Theinert, Miss Whittemore, Mr. Reid.

We are very fortunate to have a guidance staff as well qualified as ours. The purpose of this staff is to help the students with their school work, to find jobs for them, and to smooth out any difficulties that they may have. It is composed of Mr. Lynch, who is the director; Mr. McMahon, Mr. Reid, Miss Whittemore, and Dr. Theinert have guided other classes in the past and are continuing their fine work this year. Mr. Reid and Mr. McMahon have had much experience in dealing with students. Both have their Masters' Degrees and have taught science previous to their work as guidance counselors.

Miss Whittemore and Barabara Parker.

LEFT TO RIGHT: Mr. Szetela, Miss Solon, Mrs. Leone, Miss Mastrangelo, Miss Austin, Mr. Lague.

Each fall Techites look forward to discovering not only what's new but also who's new here at Tech. This year six newcomers joined the faculty to replace teachers who had retired or taken leaves.

Miss Aglaia Solon, art instructor, replaced Miss Helen Norrgard, who was unable to teach this year. Miss Solon studied at the Worcester Museum School of Art and Yale-Norfolk Art School prior to teaching at the George Walter Vincent Smith Museum. She has worked as a free-lance commercial artist.

Miss Eleanor Mastrangelo took the place of Mrs. Elizabeth Sambor as a teacher of home economics. Miss Mastrangelo was a three-year honor student at Tech and a graduate of Framingham Teachers' College. She has taught at South Hadley High and Forest Park Junior High Schools.

Mr. Euclid Lague, teacher of modern languages, replaced Miss Elsa Jaede, who retired last June. Mr. Lague graduated from Rhode Island College, and received his Master's degree at Middlebury College. He has taught at Forest Park Junior High and Classical High Schools.

NEW TEACHERS

Miss Nancy Austin replaced Mr. Gerald Wilke of the Foreign Language Department, who is on a fellowship leave in Europe. Miss Austin graduated from Mount Holyoke and obtained her Master's degree at Harvard through a scholarship prior to teaching at Palmer High.

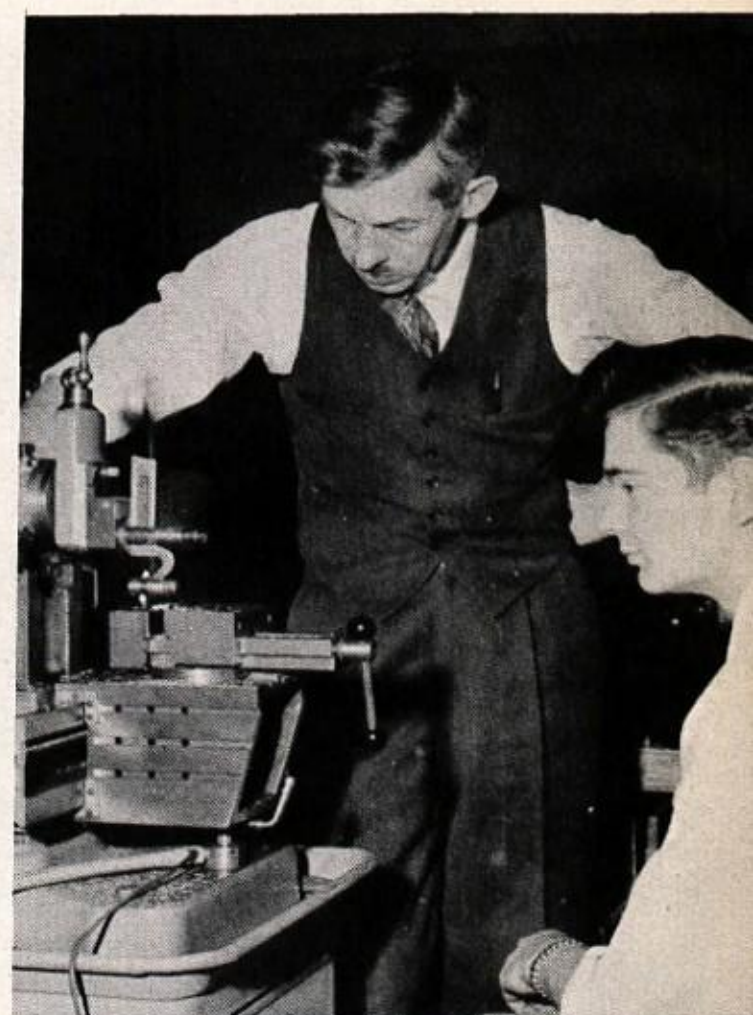

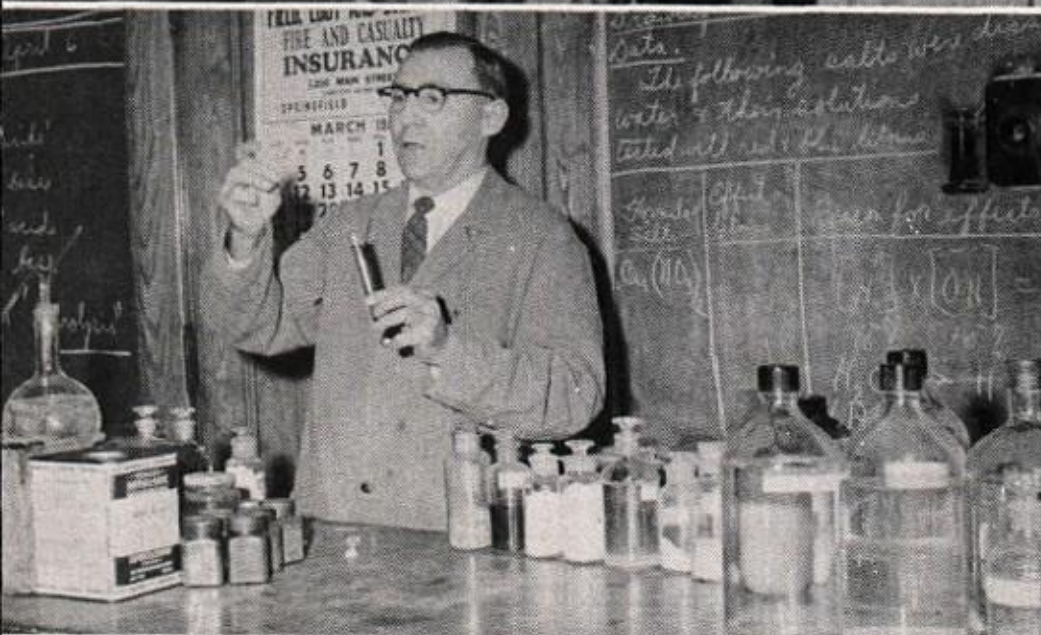

Mr. Walter Szetela, mathematics instructor, replaced Mr. George Andrewes, who is on sabbatical leave at the University of Massachusetts. Mr. Szetela graduated from the University of Massachusetts. He taught at Great Barrington and at Willsboro, New York, before coming to Tech.

Our sixth newcomer, Miss Catherine Leone, handles special work for girls. Miss Leone is a graduate of the College of New Rochelle where she received her Bachelor of Arts degree. Miss Leone formerly taught at New Rochelle Junior College and in the Enfield School System.

FACULTY CANDIDS

FOREIGN LANGUAGES

Mr. Newhall, Miss McCarthy, Miss Austin, Mr. Lague.

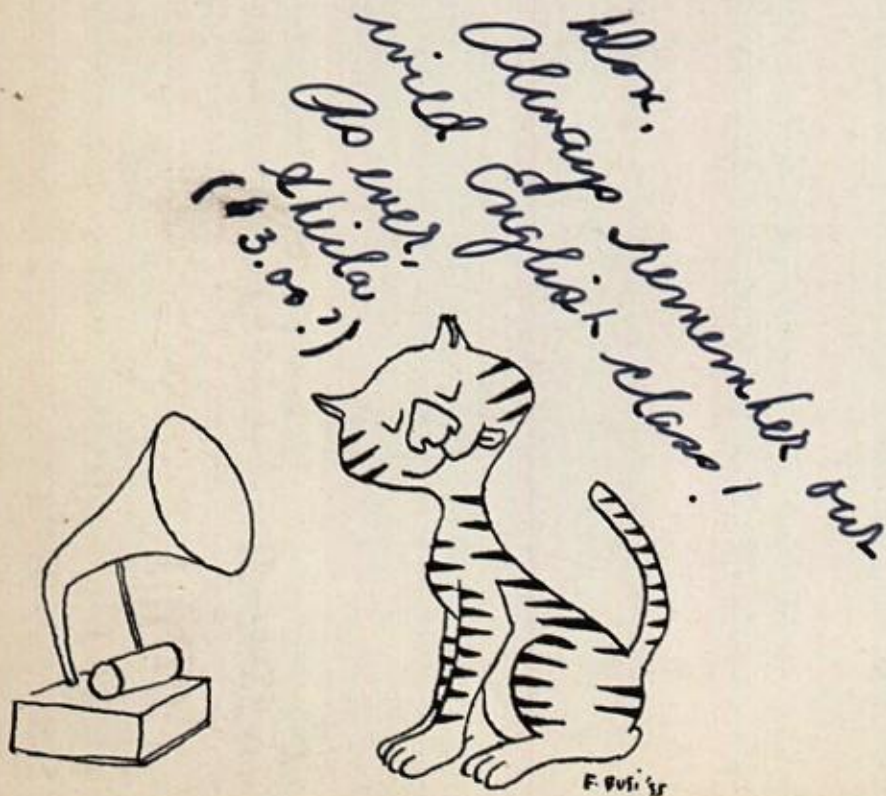

Sheila McCombe, Heather Dougherty

It is not possible to walk down the second floor corridor of the El Street Building without going by a French, German, or Spanish room. The teachers who preside in these Modern Language rooms are Miss McCarthy, Miss Ann M. Austin, Mr. Euclid Lague, and Mr. Fales Newhall, the heads of the Modern Language Department. Both Miss Austin and Mr. Lague are new here at Tech this year.

Modern Languages are helpful to today's student whether he goes into teaching, foreign relations, science, or the Army. Perhaps someday there will be one universal language; but until that day, we will have to be content with trying to learn the other person's way of speech.

English is a required subject here at Tech, as at all schools. We are fortunate to have outstanding teachers in that field who make our classes interesting. Contrary to the thoughts of some Techites, English is a subject well worth taking. When we think of what our knowledge of English will mean to us in the future years, we readily give the English department and teachers our thanks for a job well done.

The Tech Library becomes a place of refuge for all Techites when themes, tests, and mid-year exams roll around. This year, as in every other year, the variety of books in our library has increased considerably. Under the direction of Mrs. Brazeau, commonly known as "Mrs. B.", the library is kept a happy and pleasant place.

The curriculum of this year's Science Department is both varied and interesting. Here, in this school, science is one of the most heavily stressed subjects. College Preparatory boys are required to have two years of Physics, a year of Chemistry and, if possible, a year of Electronics. Only fifty per cent of all high schools even offer these courses. To meet these standards, Tech has an excellent scienc staff.

Upon entering Tech, the freshman physics student will invariably be taught by Mr. Case. Awaiting him is a vast store of knowledge of Navy life as well as information about forces and motion. If, on the other hand, the student is interested in biology, it is very possible that he will be under the direction of Miss Barton or Mr. Curran.

In the student's junior year, it is possible that he will have a course in Chemistry. If he does not have this course in his junior year he will have to take it in his last year. In either case he will have the guidance of such teachers as Mr. Northrup, Miss Martin, Mr. Romano, or Mr. Curran. This is the staff that works many hours to drill the knowledge of atoms and molecules into our heads.

DEPARTMENT

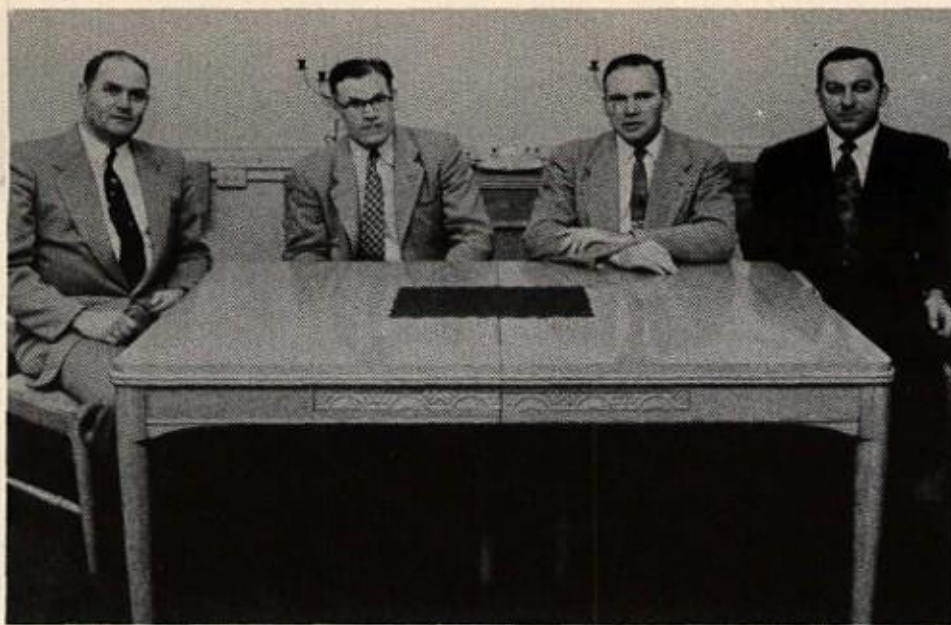

Electronics is the most increasingly popular subject. It has increased from about twenty students of last year to over one hundred and twenty students this year. Many other subjects such as Science Survey, Physiography, and Physiology are offered to the students as a part of the science program.

Advanced Physics is about the only subject solely for the Seniors and is for most people the toughest. Mr. Allen, also the department head and Mr. Snow are present to help those who struggled through this subject.

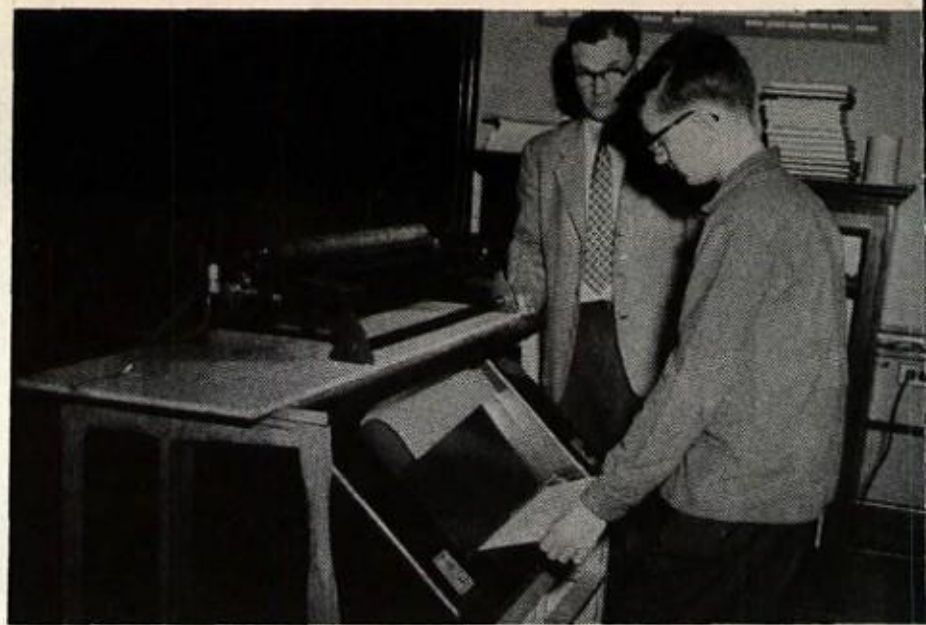

This year the Science Department may be congratulated for an excellent job.

MECHANICAL DRAWING

Left to Right: John Jorczak, Albert Iefevre, Karl Winckel, Robert McColy, Mr. Biscaldi.

As you've passed through the corridors, you may have looked into a room and have seen boys busily working over drawing boards. As you must know, they are studying mechanical drawing. Tech provides its students with one of the best mechanical drawing programs in the country. This is a result of having such excellent teachers as Mr. Biscaldi, Mr. Duffin, Mr. Loiko, and Mr. Lennon.

In these classes we learn how to construct views of three-dimensional objects. We learn how to use the T-square, triangles, dividers, French curves, and other equipment.

We are taught projection and isometric drawing, using machine parts as models most of the time.

A course in architectural or machine drawing is available to senior boys. Here students are taught how to design buildings or parts of machines.

This year Tech made an improvement in the drawing department. We purchased a printing and developing machine which can print and develop a blueprint in less than a minute.

You can see that we here at Tech have a mechanical drawing program of which we can be proud.

Do you enjoy working with numbers? If you do, the math department sure can find some for you to stare at.

For many years, Tech has ranked very highly for its excellent math department. To accomplish this record, there has to be someone behind it. Headed by Mr. Woodworth, the staff includes Miss Allen, Dr. Theinert, Miss Kelley, Mr. Bushey, Mr. Sprague, Mr. Moyle, and a new member to the faculty, Mr. Szetela. These well qualified and capable leaders try to drill into our heads the basic math upon which much of our future depends.

This year, Tech has omitted the general course. This leaves only two courses from which a student may choose.

The College Preparatory and Technical courses offer elementary algebra, plane geometry, intermediate algebra and for the seniors, a course in trigonometry and solid geometry. The College Preparatory seniors are offered a choice between calculus and basic analytical geometry.

From this, one could well say that a Tech graduate Must have plenty of math when he graduates.

At Tech we have a fine opportunity to learn about the world we live in through the fine courses which are offered to us for Social Studies. They are: World History for the freshmen, United States History for the juniors, and Economics and Modern History for the seniors. A subject which every Tech student comes in contact with is the required United States History.

Teaching social studies are Mrs. Brazeau, Mr. Doane, Miss Donovan, Miss Friedman, Miss Grady, Mr. Hannigan, and Mr. Johnson.

ECONOMICS

One corner of our third floor is kept in a busy hum all day long. This section is known as the Home Economics Department. Here there are courses in foods, clothing, pattern drafting, and home management, under the able direction of Miss Miller, Miss Borrner, and Miss Mastrangelo, the newest addition to this department.

The aim now is to modernize the foods classes. New equipment added to this department this year includes a new freezer, and new glassware to aid serving classes.

In the laundry, a new electric washer and dryer help to make necessary tasks more pleasant.

ART

The art courses at Tech are devised to give students the basic fundamentals of good design, balance, and color scheme. Courses are offered in design, interior decorating, poster making, crafts, and free-hand drawing under the direction of Miss Ida B. Roy and Miss Aglaia Solon.

The various Tech activities throughout the year are recorded and advertised by students in the art department. Those wonderful decorations in the Boys' Gym, the programs for Tantrums and Tech Turns to Music, and the posters publicizing class dances and elections are only a few of the many projects supervised by the art instructors.

Music by the maestro Mr. C.

The spirit which the Music Department has given Tech began with the beats of "Rock Around the Clock" echoing at games and rallies.

Tech's Mr. Music, Lee Crabtree, instructs these groups: the Chorale, Girls' Choir Boys' Glee Club, and the "Swingsters" which is a special jazz group made up from Band members for "Tantrums XIII."

The Music Department features these groups annually in "Tech Turns to Music." Thanks to Mr. "C", our Music Department is one of the best.

Mr. Winslow, Mr. Hansen, and Mr. Loiko.

Most fellows get to know at least one of our wood-shop teachers: Mr. Locko, Mr. Winslow, and Mr. Hanson. They give every Tech boy a better understanding of the art of working with wood. Several boys in the past have won money or recognition from the Ford Motor Company for their fine workmanship.

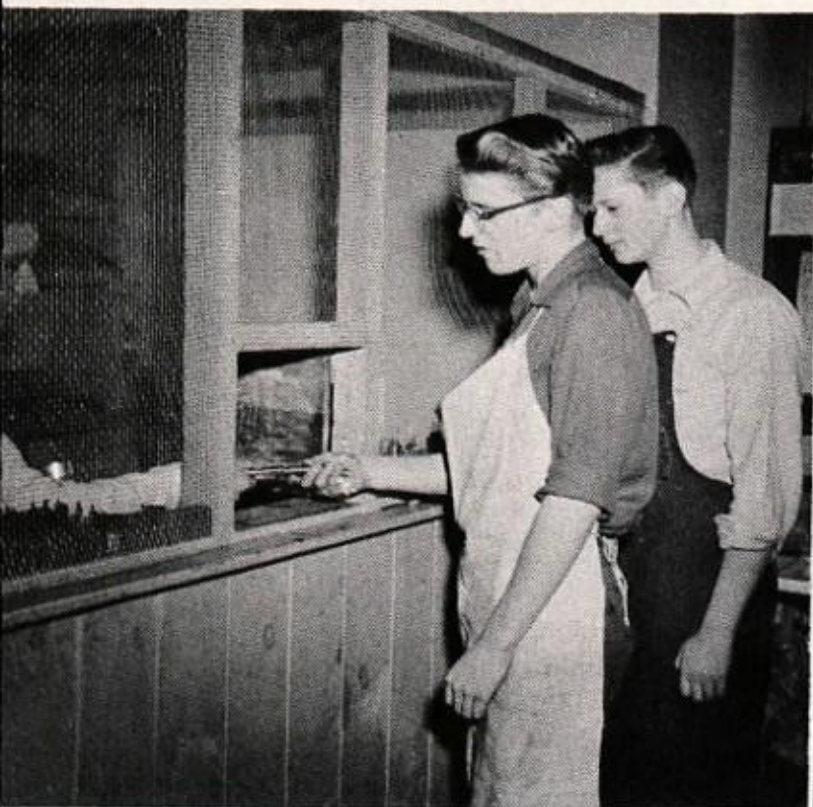

The Woodworking course is divided into different categories. The regular woodturning course begins by teaching the students to set up a lathe. Rough stock is cut down to blueprint specifications. The year usually culminates with the turning of an inlaid bowl or lamp. Pattern making shop communicates the knowledge of the types and industrial uses of patterns.

In foundry shop, a boy learns how to make a casting from a pattern. Articles such as door knockers and letter slots are cast. From all these indications, a person can very well see that Tech has an excellent shop program.

MACHINE SHOP

Ouch! comes the exclamation from a "burning" future machinist. "That chip was hot." This is no doubt a pretty familiar happening with every boy during the machine shop course. This course is under the instruction of Mr. Robinson, Mr. Reynolds, and Mr. Reed.

The students acquire the knowledge of the operation of various machines, and also the reading of measuring instruments. Projects such as clamps, screwdrivers, and tap wrenches are produced during the year. Selected seniors have a chance to take auto shop where they dismantle and reassemble an engine, and pray that it will run. This is under the guidance of Mr. Reynolds, who also handles the advanced shop. The boys in this course can make projects of any desired material. Among these projects are boats, weather-vanes, and furniture.

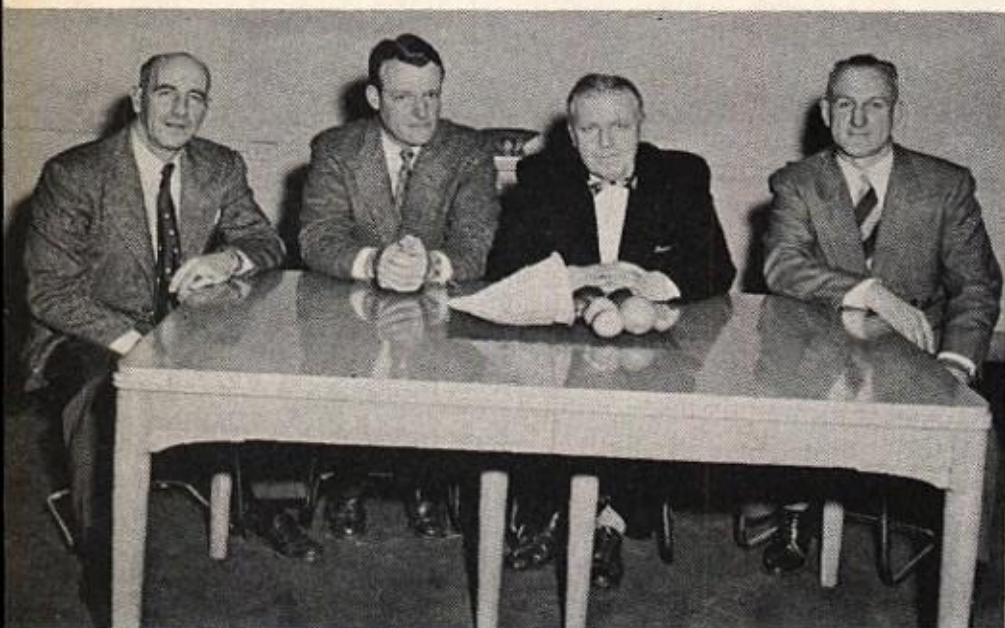

A printing shop is directed by Mr. Robinson where such articles as report cards and file cards are printed. The basic fundamentals are also taught.

Basketball Fundamentals.

Mr. Orcutt, Mr. Lawler, Mr. Kalloch, Mr. Peterson.

In the girls' gym classes, Miss Gray and Mrs. Kohn try to make Tech's girls good citizens by teaching them good sportsmanship. The squad leaders meet before school to learn the skills so they can help the teachers.

In the fall and spring, the girls go to the Armory to play softball, field hockey, and soccer. When the weather forces them to stay indoors, they learn basketball, volleyball, apparatus, tumbling, and modern and square dancing.

GIRLS' GYM

BOY'S GYM

Now we come to the subject that just about everyone enjoys, physical education. Tech's program includes calisthenics, apparatus work, and seasonal sports to condition ourselves physically.

Weather permitting, classes go to the Armory grounds where we are given our choice of participating in football, softball, volleyball, or soccer. If it is necessary to remain indoors, we play games in which everyone takes part.

As each season arrives, we are instructed in basketball, swimming, volleyball, and other enjoyable sports.

Our excellent instructors, Mr. Patterson, Mr. Kalloch, Mr. Orcutt, and Mr. Lawler, see that we are expertly instructed in each sport and are kept in good physical condition.

That's modern dance for you!

Miss Gray, Mrs. Kohn

TYPING

Tech's students have found the course in typing to be a great value to them in their high school work as well as in later, everyday life. Typing is an asset to anyone and its practicability can never be questioned.

Included in this course is the knowledge of the care and usage of the typewriter as well as typing business letters, addressing envelopes, and the arrangement of letters and themes. Speedy and accurate typing cannot be achieved without rhythm. Miss Shea, Tech's typing instructor, has gained experience from her previous teaching at Commerce, and with her aid, the students become more efficient in the skill of typing.

Mr. Burr

Sometimes during the year, the Tech junior boys and girls are given a four week pre-driver course. Upon successful completion of this course, these pupils are given an excellent opportunity to learn the actual mechanics of driving in their senior year. A road test is given to these students after they have mastered the skill of driving. Wendell Burr, Tech's proficient driver instructor, feels that young people profit greatly by this course, and rate high as good drivers.

When we think of Tech as being a clean school, we immediately think of our hard-working custodians.

The head of the staff is John Atherton, our senior custodian. The junior custodians under him are James Crowley, David Duncan, Thomas O'Conner, and Francis Seaus. The firemen are Carl Persson, Joseph B. Regis, William McGee, and Vernon Kellogg. Our trusty engineer is Vernon Bigelow. The women on the staff are Birdie Aiken, Nellie Connors, and Mary Ferioli.

Not enough gratitude is given to these fine people who work for the good of every Techite.

Techites never seem to get enough of that wonderful food that is produced by our lunchroom cooks.

The head cook on this staff is Mrs. Laura Boutelle. Under her are Mrs. Dorothy Austin, Mrs. Ida Bolduc, Mrs. Mildred Hannigan, Mrs. Novella Bonasoni, Mrs. Margaret Elder, Mrs. Hilda McCombe, and Mrs. Josephine Saracino.

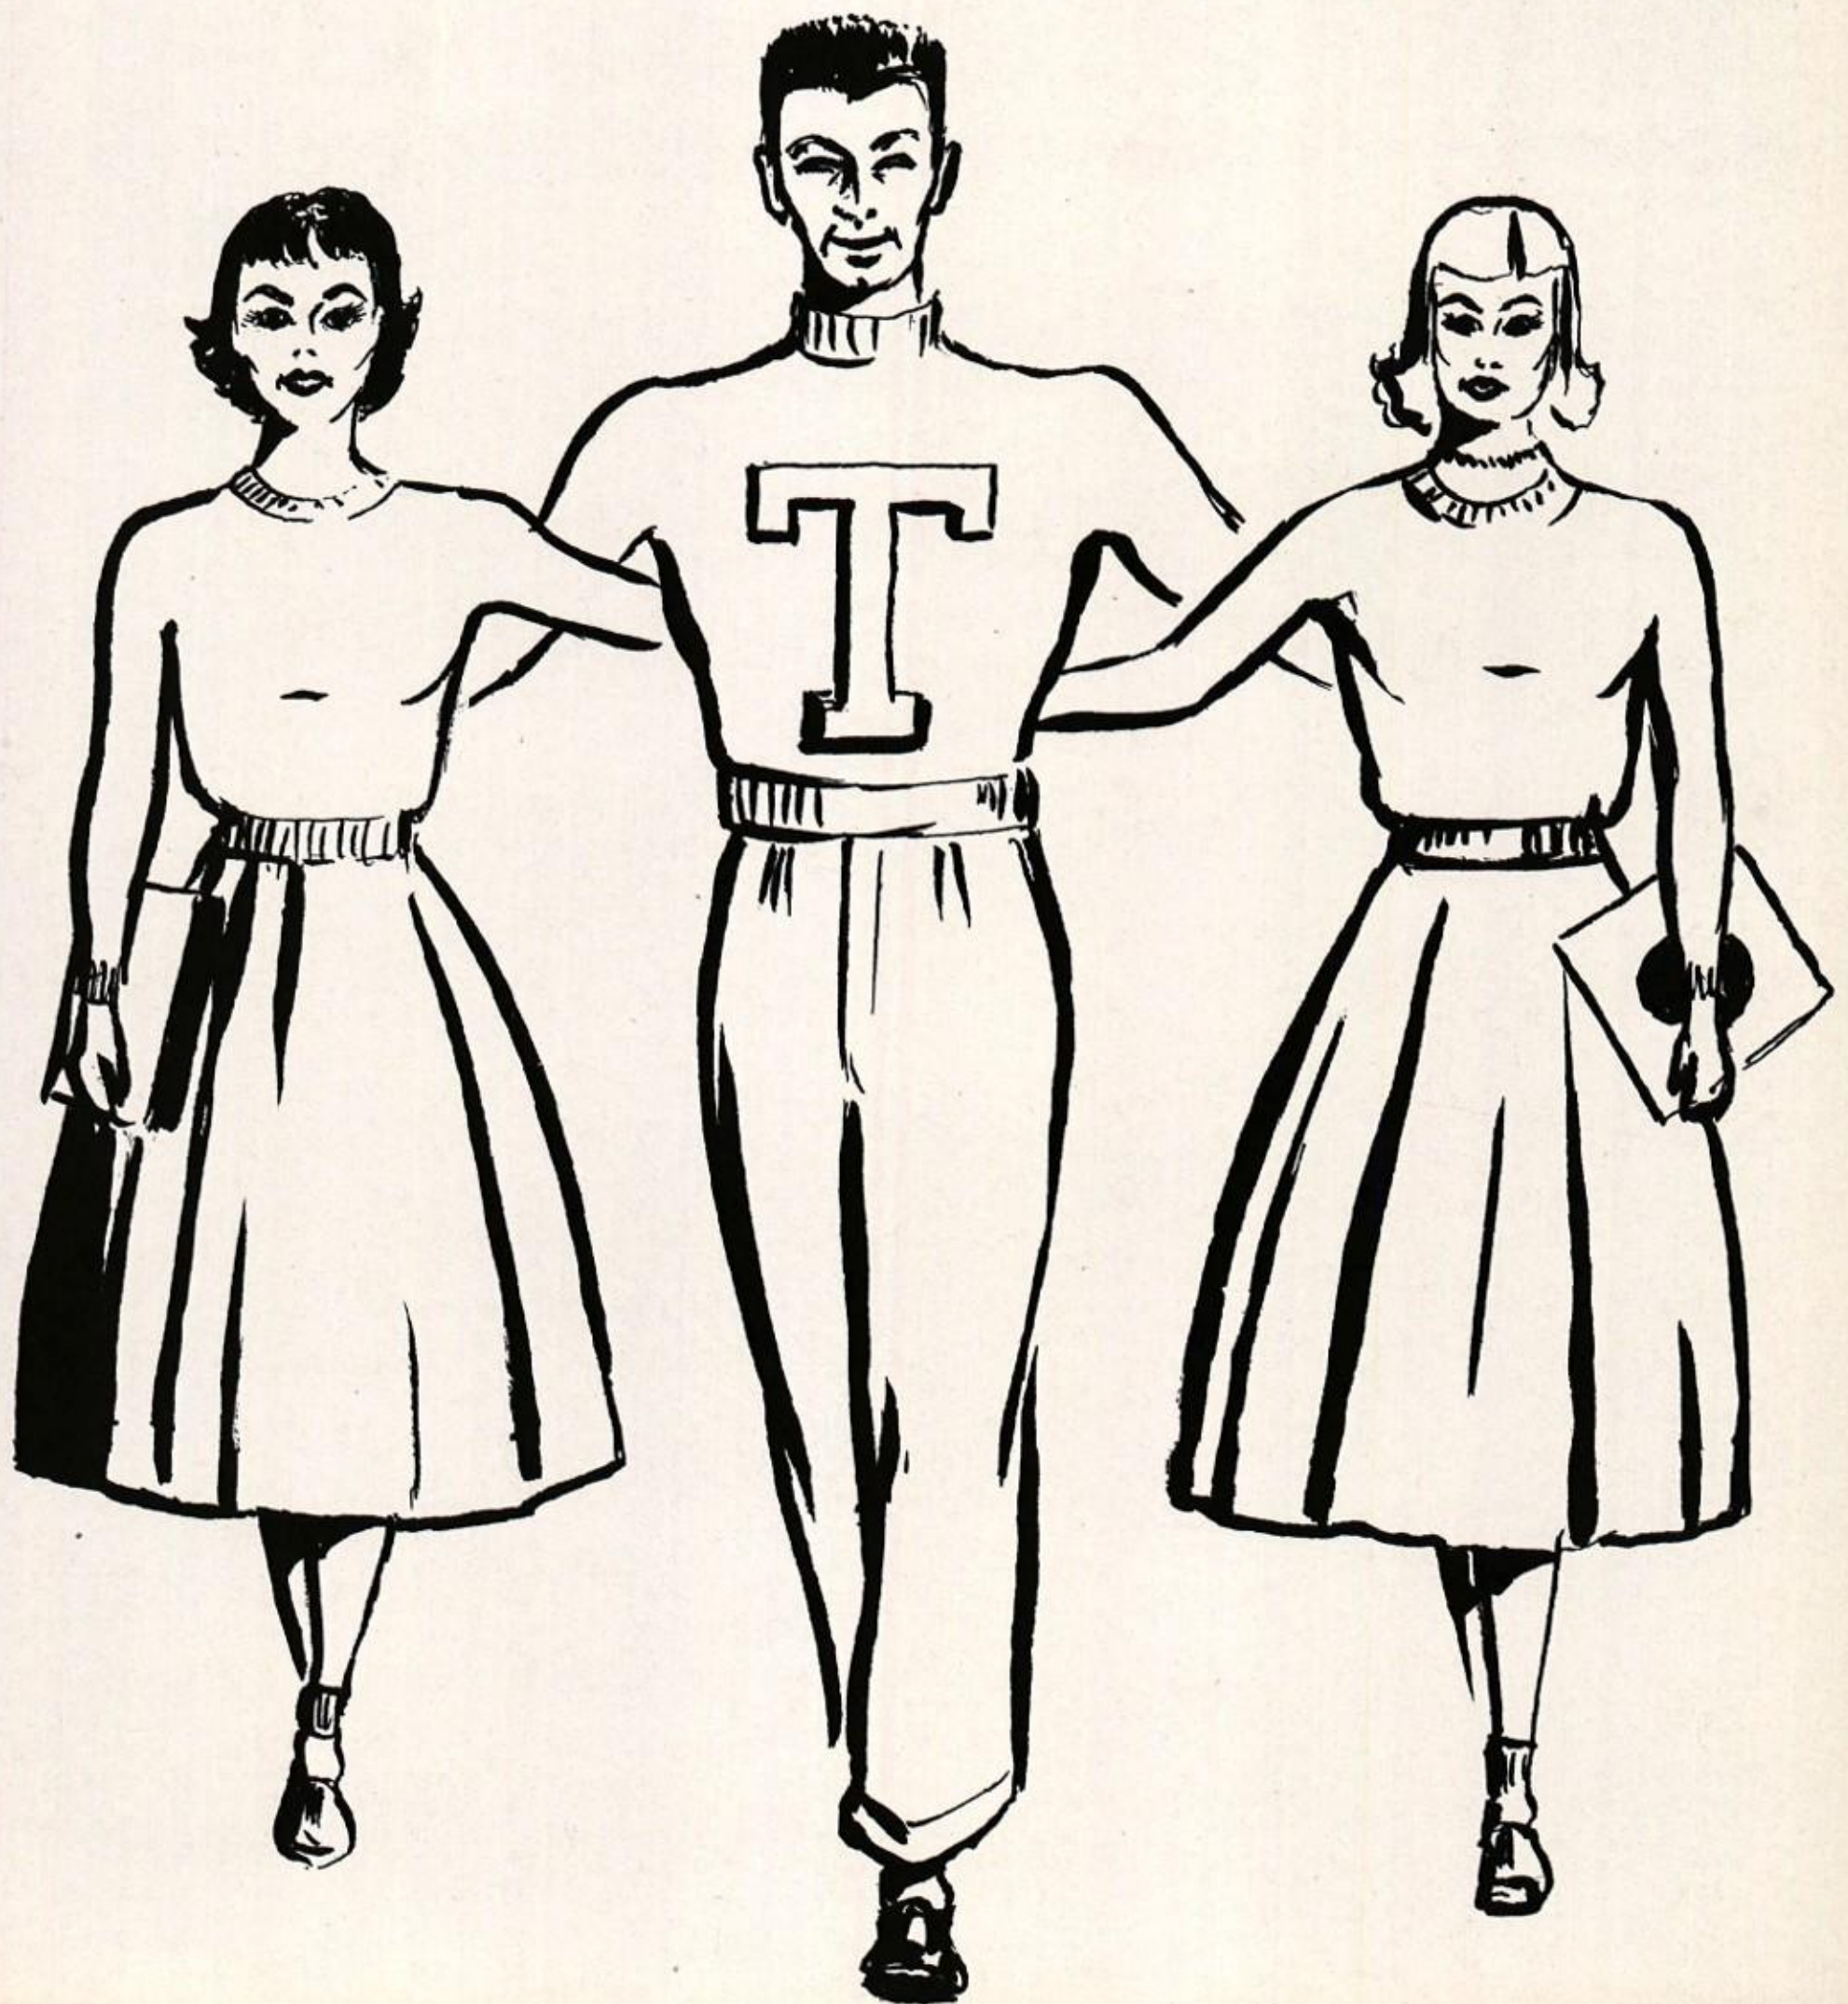

Of course, along with cooking comes a lot of hard bookwork. Heading this staff in the Springfield schools are Mrs. Mary Campbell, director, and Mrs. Phyllis Clark, and Mrs. Jean Mac Phee, assistant directors. The office staff here consists of Mrs. Lean Cessarini, Mrs. Mabel Davis, Mrs. Lillian O'Conner, Mrs. Isabella Ouimet, and Mrs. Alice Vail.

W A R

ACHIEV

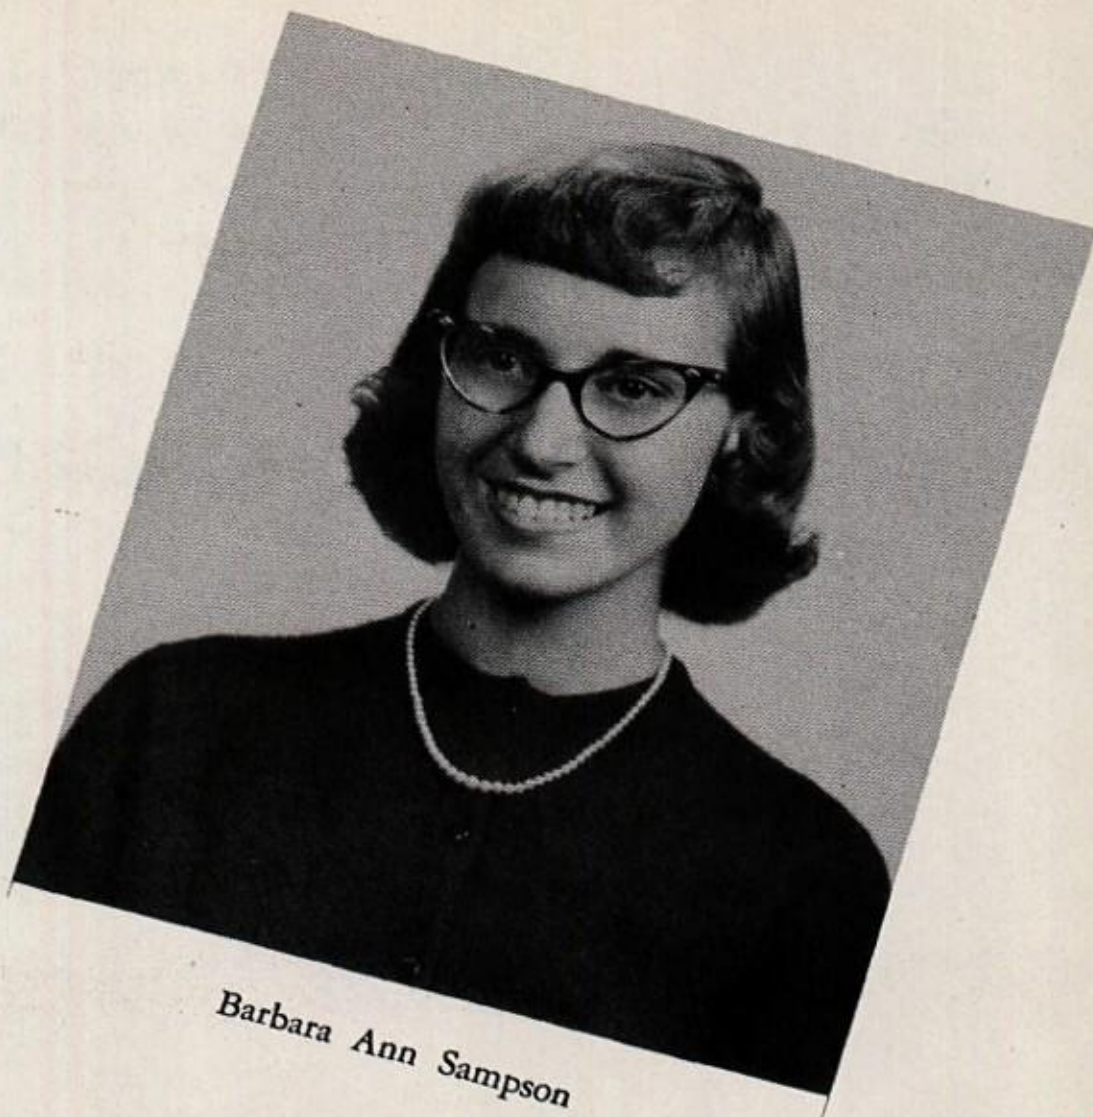

Each year, a committee composed of the Principals, the Alumni Association President, faculty, and Junior Class officers select the Senior boy and girl who have contributed the most to Technical High School as recipients of the Charles F. Warner Achievement Medal. This committee bases its selections on scholarship, school citizenship, and service.

The boy to receive this highest Tech recognition is Antony Steve Rodolakis, son of Mr. and Mrs. Amelia Rodolakis of 897 Liberty Street. Tony has maintained a high level of scholarship through his three years at Tech along with a place of leadership and responsibility in school activities and a successful participation in athletics. Tony's outstanding achievements have been as managing editor of Tech News, three-year member of the soccer team, president of Pro Merito, winner of the Harvard Book Award, and two years of service on the Student and Senior Class councils.

We all join in congratulating Tony on this well-deserved recognition.

N E R

MENT

Barbara Ann Sampson

The girl selected by the committee for this year's Warner Achievement distinction is Barbara Ann Sampson, daughter of Mr. and Mrs. John W. Sampson of 11 Hanward Hill, East Longmeadow. She, too, presents an impressive record of achievement of the highest order in all three areas of school life. In scholarship, Barbara stands high in the top ten percent of her class and has been a three-year member of the Pro Merito Honor Society. In school citizenship, she has been an enthusiastic and able leader. Major among her achievements in this area are Senior Class treasurer, vice president and treasurer of Nisimaha, Girls' State representative, Red Cross Council, Government Day representative, and Senior Biographies Editor of Tech Tiger. In athletics, Barbara has been a three-year member of the Girls' Athletic Association, serving as its treasurer her Junior year and president during the Senior year. She has also been a "spark plug" in the Pep Squad and Cheerleaders groups throughout the three years.

We all join in congratulating Barbara on this well-deserved recognition.

PRESENTING THE CLASS OF 1956!

On the first day of school, the seniors walked to their classes, conspicuous in their orange and white hats. The class colors also appeared on the banner, which was displayed for one week in each senior homeroom.

The class officers, Cordell O'Connor, president; Beverly Luce, vice-president; Linda Rugani, secretary; and Barbara Sampson, treasurer, got the class off to a good start on their senior activities with the help of class advisors, Miss Hilliker, Miss Friedman, Mr. Bowler, Mr. Hanson, and Mr. Northrup. Joyce Adams, David Allen, Steve Capone, Jacqueline Durfee, Willard Gralia, Robert Harris, John Hartley, Richard LaRochelle, Robert Maccarini, Myrtie Mitchell, Peggy Moriarty, Irving Phillips, Joe Roccisano, Janice Rowley, Harry Savas, Robert Taylor, and Katherine Wood made up the Senior Council.

The first event of the senior year was the informal dance, "Arabian Nights." The gym was transformed into the land of Alladin, complete to a genie rising from a lamp in the center of the floor. The orchestra even played authentic Arabian music for part of the evening.

After college board examinations and mid-years, the seniors were glad to relax when the time arrived for the senior semi-formal dance, "Coral Mist", which was held February 3. A fountain with coral water played in the center of the floor. The money collected in the fountain was donated to the March of Dimes. The king and queen, Allan Wolff and Shirley Katz were elected in homeroom balloting. They were crowned before a backdrop of under-sea scenes. Streamers and cut-outs of fish and star-fish completed the decorations.

The senior banquet on May 16 marked the beginning of the end of the activities that climaxed the senior year. The banquet this year was held at the American Legion Hall on Liberty Street. Durveher Brothers, Caterers, received the credit for an excellent turkey dinner. In accordance with tradition, the class ballot was read. Following this ceremony, there was dancing.

The biggest event on the social calendar for anyone in school is the Senior Prom. On June 7, couples in formal dress arrived at the Municipal Auditorium. Reflections from the mirrored crystal ball danced on the girls' lovely gowns and the boys' white jackets.

The seniors went to school the next day for the class day activities. There was a program of entertainment in the auditorium.

June 13 was Graduation Day. As the seniors received their diplomas, they looked back on their years at Tech:

When they first entered the halls of Tech as Freshmen, the school seemed so big and unfriendly. Gradually, however, it became familiar territory, and the members of the class of 1956 started to feel at home. Freshman elections helped everyone to get acquainted. Freshman officers were Stuart Langton, president; Dave Salmond, vice-president; Nancy Murray, secretary; and Kathy Woods, treasurer. The high point of the freshman year was the informal dance, "Neptune's Whirl." King Neptune himself presided from the center of the floor.

The officers of the class of 1956 for their junior year were Allan Wolff, president; Beverly Luce, vice-president; Linda Rugani, secretary; and Kathy Wood, treasurer. The class officers, student council members, and representatives from each homeroom made up the Junior Class Council. The homeroom representatives were Barbara Brandoli, Steve Capone, Mary Cicerchia, Patricia Conant, Fran Granfield, Robert Jablonski, Robert Kane, Richard LaRochelle, Haywood MacLoyd, Ruth Misiti, Peggy Moriarty, Francis Mulcahy, Irving Phillips, Craig Powers, Joseph Roccisano, Janice Rowley, Ann Stebbins, Judy Taylor, and Robert Weaver. Student Council members were Gary Hagopian, Stuart Langton, Arthur Moses, Anthony Pietroniro, Anthony Rodolakis, and Dave Salmond. The junior informal dance was "Harvest, Moon." The football team was invited in honor of its championship year. The decorations were typical of the season—a scare-crow, corn stalks, and pumpkins. The end of the year found the class of 1956 dancing again, this time at the semi-formal dance, "Carnival In Venice." Grape-covered trellises decorated the walls.

Then we were seniors!

The class of 1956 would like to express their thanks and appreciation to their advisors, teachers, counselors, and principals. They have worked very hard to make our three years very enjoyable and profitable. The class is leaving Tech with a good background of experience to help them in years to come. We have learned a lot from our books. More important than that, however, we have learned to work with others. We have had fun and made many lasting friendships. Tech has given us a lot. We thank everyone who has worked to make our years here pleasant.

JUNIOR RECORD

The Junior class began a busy year with a meeting of the Junior Class Council which consists of the class officers: Edward Williams, president; James DiSanti, vice-president; Roberta Roberts, secretary; Janet Balland, treasurer; Student Council members: Joan Culverhouse, Donald Grady, Louie Cichetti, Jude Bernard; and homeroom representatives: Kathy Cotter, Barbara Parker, Mary Jane Ross, Ann Buckley, Joan Williams, Donald Dinnie, William Bougard, Nick Passidakis, Benny Palotto, Ronald Hearting, Albert Laro, Richard Green, Ed Boduch, Peter Burgess, Carl Nelson, Eugene Anderson, and James Stewart.

The first junior dance of the year, Autumn Holiday, proved to be a great success under the direction of co-chairmen, Janet Balland and Audrey Keating. The big event of the year, the Junior Prom, came up to everyone's high expectations.

The class owes a debt of gratitude to its advisors: Miss Adams, Miss Whittemore, Mr. Lennon, Mr. Zahner, and Mr. Jackowski. Under their guidance, the class of "57" will continue to bring credit upon the name of Tech.

FIRST ROW: Jan Balland, Ann Buckley, Joan Culverhouse, Roberta Roberts, Ed Williams, Mary Jane Ross, Barbara Parker.

SECOND ROW: Ed Bouch, Peter Burgess, Don Grady, Carl Nelson, Louie Cichetti, James Stewart, Donald Dinnie.

FRESHMAN RECORD

The class of 1958 got off to a fine start when in October they elected their freshman class officers. They were Dave Coupal, president; Joseph Guerkin, vice-president; Sonia Boshko, secretary; and Judy Turowski, treasurer.

The freshman class did extremely well in the S.A. Drive. In fact, they topped both the Juniors and Seniors throughout the complete drive.

In the early spring the frosh held their dance which turned out to be a big success.

Under the excellent supervision of Mr. Doane and Mr. Butler, this year's Tech Tiger staff hopes that this yearbook is the best ever. The hard-working editors are: Russell MacNayr, Co-Editor and Picture Ident Editor; Nancy Bassett, Co-Editor, Senior Pictures Editor; Forrest Tyson, Sports Editor; Barbara Sampson, Senior Biographies Editor; James Flowers, Layout Editor; Beverly Bullions, Club Editor; and Eleanor Lyons, Art Editor. They are ably assisted by the other diligent workers of the staff. Miss Roy, Art Advisor, helped select the suitable designs for the cover, created by Bryce Nash, and the division pages.

Each member has a little taste of all the main jobs which contribute to the production of the yearbook; he designs patterns for the pages, verifies picture identifications, writes copy, and performs the various other tasks which seem to be popping up constantly.

The manager of the business staff, James Monaghan, with his eight assistants, has successfully completed a year of taking ads, making layout designs for them, and taking care of the money which comes from them.

Each and every member of the entire staff has worked hard to help put "Tech on Records."

Ray Hechler, Bob Kane, Don Grimaldi, Mr. Bushey.

Once again Tech's students were greeted on the first day of school by the first issue of Tech News. Under the supervision of Mr. Black, literary advisor, the staff once again got off to a fine start. With Tony Rodolakis as managing editor and Jean Merriman as editor-in-chief, the staff is constantly on the run preparing for the next bi-weekly issue.

Several new columns have been added to the newspaper this year. Among these are "Students Are Funny" which supplies us all with many laughs, and "Council Chit-Chat" which familiarizes the student body with the business taken up at the Student Council meeting. "Notes On Entertainment," which has recently been restored, gives us food for thought concerning the public amusements at our disposal.

Last year Tech News was awarded three cups for critical rating and excellence in the field of news, feature stories, poetry, and newspaper makeup.

Tech High can be proud of its *Tech On Records* in the field of journalism. We offer our congratulations to the News staff for another successful year and wish success to the future staff.

"Why the Chimes Rang"

Career Day

Tech's assembly hall has furnished Techites with many interesting assemblies this year. The tri-ennial Christmas play "Why the Chimes Rang" was presented by the combined efforts of the Dramatic Club and Mr. Crabtree's chorus.

The Springfield Chapter of the Hampden County Musicians Union presented an exciting assembly on the "Evolution of Jazz", which was narrated by Mr. Richard C. Berg, director of music in the Springfield Schools.

Shortly before our Black Cat Fiesta a talent assembly was held to advertise the event. We previewed some of the acts from the Talent Show.

The class of 1915 held its reunion in the form of an assembly which was led by Mr. Sinies, a member of that class. We met some other members and former teachers, and a few boys from the Concert Choir sang the class song of 1915.

Probably one of the most useful assemblies was presented to arouse interest in our Tiger Bank, which is sponsored by the Springfield Institution for Savings.

Various other assemblies were held at different intervals during the year. Most of these were to either promote the S.A. drive, to promote the general interest and support of the three classes, or for the many sports awards.

STUDENT COUNCIL

An all-important organization in Tech is the Student Council. Under the direction of Miss Margaret Donovan, the members of the Student Council run the Tech Store, all class elections, charity drives, and participate in many other important activities.

This year they formed an SA council with Stuart Langton as chairman to spark off the SA drive. With the help of Mr. Hannigan and his Dramatic Club in two assemblies, the SA drive came to the most successful climax that Tech has ever had. To celebrate this, the Student Association gave a dance on December sixteenth.

The Student Council was composed of twenty-one members this year with seven from each class. The officers are Alan Wolff, president; Stuart Langdon, vice-president; Barbara Brandoli, corresponding secretary; Nancy Murray, recording secretary; and James DiSanti, sergeant of arms.

In November, five delegates were sent to the Orange Convention. This was a meeting of the Student Councils from all the schools of Western Massachusetts. The delegates from Tech were Joan Culverhouse, Arthur Moses, Tony Pietroniro, Roberta Roberts, and Edward Williams.

Most Tech students are familiar with the Tech Store, and they should be. Where else can anyone find so many helpful school supplies and useful articles that have the Tech emblem on them.

Under the direction of Mr. Woodworth and the management of Janet Balland, this store strives to satisfy the needs of the student body. For school supplies they have sold ball point pens, slide-rules, book covers, and even review booklets on history, mathematics, biology, and other important subjects. It is for certain that many Tech students have found them very helpful in their term and mid-year exams. A popular item this year has been a white zipper sweat shirt, with the Tech emblem monogrammed on it. But here's one item that's thrilled many a Tech student. This is the Tech Tiger Mascot, an article which was just introduced this year to Tech Store buyers.

This Tech Store is a well-managed Student Council project.

S. A. BOARD

Is it possible that there is anyone who goes to school who does not know of the S. A. Board and the work it does? Hardly, for the Board acts as the school treasurer. Money taken in at the various school functions is added to the S. A. membership fees to make up the S. A. fund. From this fund, the S. A. Board appropriates money to meet the budgets of such organizations as Tech News, Tech Tiger, A.A., Tech Store, Student Council, Student Patrol, Tech Tantrums, and the Music Department. For instance, the new cheerleaders' uniforms were purchased from S. A. funds. Tech students are lucky to receive all these benefits while the S. A. membership remains the lowest in the city, three dollars.

The Board is made up of representatives from all major student activities and organizations and their advisors. The class presidents represent their respective groups, so the whole school really has a voice in what goes on.

Have you ever tried to visualize what the traffic in our corridors without our student patrol would be like? Student Patrol consists of sixty-six members. Their chief is Eugene Lucia. The captains are Harvey Moller and Toy Lam, lunchroom; Charles Letendre, special assignments; David Salmond, Corridor Patrol; Alan Wolff, Floors and Assemblies.

FIRST ROW: George Danalis, Warren Lackstrom, Ray Heckler, Al Wolff, Gene Lucia, Harvey Moller, Dave Salmond, Mike Ghareeb, Mr. Jackson. SECOND ROW: Dave Allen, Jerry Boyce, Jim DiSanti, Mike George, Forrest Tyson, Ed McGrady, Ed Williams, John Drost. EIGHTH ROW: Pete Sullivan, Tom Doyle, Aaron Billups, Joe Abernethy, Dave Cheney, Carl Morey, Phil Tracy, Jim Connor.

SEATED: Mr. Jackowski, Miss Gray, Mr. Jackson, Mr. Lynch, Mr. Gifford, Mr. Snow, Mr. Hewitt, Miss Donovan, Mr. Bushey, Mr. Black. SECOND ROW: Mr. Butler, Mr. Crabtree, Mr. Northrup, Barbara Sampson, Jan Balland, Nancy Bassett, Nancy Murray, Lorna MacKay, Mr. Doane, Bob Kane, Mr. Woodworth. THIRD ROW: Darrell Lund, Tony Rodolakis, Al Wolff, Jim Monaghan, Dave Coupal, Cordell O'Connor, Ed Williams.

Lieutenants are, in the lunchroom, George Danalis, Jon Goff, and Peter Fecke; in charge of the second floor and assemblies is Forrest Tyson; in charge of assemblies is Warren Lackstrom; on the third floor is Michael George; in charge of special assignments are Charles McKinney and Michael Ghareeb; in charge of corridor patrol is James DiSanti.

These boys not only work during school time, but they also work at games and help at Tech Turns to Music and Tantrums.

At any Tech dance you may attend, you will always find these boys on the job.

Never belittle one of them, for they are doing a big job well.

STUDENT PATROL

FIRST ROW: Sandra Ciaschini, Elisabeth Grover, Brenda Oliveri, Dawn Hardy. SECOND ROW: Alice Matske, Jane Kennison, Jane Siwinski, Margaret Moriarty. THIRD ROW: Judy Cowles, Linda Anton, Eleanor Cardarelli, Barbara Martin.

STUDENT LUNCH WORKERS

Did you ever give any thought to the girls who work as cashiers in the lunchrooms or the boys who, as buggy boys and dishwashers, take care of the dishes and silverware you use for your lunch? They work everyday, assisting the adult staff with the difficult task of keeping the lunchroom running efficiently.

Miss Lillian O'Connor is in charge of this indispensable group: Linda Anton, Eleanor Cardarelli, Sandra Ciaschini, Judy Cowles, Elisabeth Grover, Dawn Hardy, Jane Kennison, Barbara Martin, Alice Matsko, Hezekiah Moore, Margaret Moriarty, Brenda Oliveri, and Jane Siwinski who work as cashiers on the lunch lines and the milk lines. Joe Abrahamson, Robert Brevilier, Roger Danio, Ray Haglund, and Roger Mathison do the clearing and dishwashing.

Surely everyone at Tech is aware of the Stage Crew and the importance of the work they do. Perhaps the most popular of all Tech activities is Tantrums. Part of the credit for this success must go to the Stage Crew. They have the difficult job of taking care of the scenery and props, and having everything in the right place at the right time.

The Stage Crew performs many other important tasks throughout the year. They arrange the stage for our assemblies. They also receive the honors for the lighting and sound arrangements at the assemblies and school dances.

This energetic group, under the direction of Mr. Winslow, consists of Steve Arabic, Victor Brown, Thomas Campbell, Robert Focose, David Haynes, Stearns Johnson, Roger Mathison, Donald Papuga, Lee Sanderson, and Anthony Trimboli.

STUDENT OFFICE WORKERS

The office staff is fortunate in having twenty-one capable students who have volunteered their assistance to the school. Each period, there is a helper stationed in the main office, in Miss Garvey's office, in Mrs. Anger's office, and in the counselor's office. These twenty-one students have varied duties. Several girls have charge of collecting the attendance records, while others deliver special bulletins. The main job of the helpers is to run errands on the request of the office staff or counselors. They also file papers and change programs. Being sent outside on special errands during the period is not unusual. Tech owes a great amount of credit to these hard-working students.

VISUAL AIDS OPERATORS

An important part of the educational program of our school is managed by the Visual Aids Club. This club, which consists of twenty-four members, is under the direction of Mr. Case. Every club member is familiar with all the visual aids equipment and is capable of operating it. They forfeit their study period each day in order to show slides and films and run the recorders. Each period finds at least two students running a machine or repairing the films and other equipment. The films are usually shown in the old library. However, on many occasions club members are kept busy running another projector in the auditorium. The club does not meet on a particular night after school, but in special cases, meetings are held in Room 301 during the homeroom period.

Third Row, left to right: Richard Palmisano, Lewis Huston, Allan Waymouth, John Simpson, Bruce Adams, John Brown.

PRO MERITO

All students who keep their marks up to a certain level are eligible for the Tech Pro Merito Honor Society. This society was one of the first formed in the state. As in previous years, Mr. Chase and Miss Allen were advisors: Tony Rodolakis was the president, and Norma Siddall, secretary-treasurer. Worthy freshmen were admitted at a spring assembly.

Each member has an identification card which allows him to leave study hall for library work, to leave school early if his last class is a study, and to receive an extra set of books. A three-year honor record aids a great deal when seeking admission to college.

RED CROSS COUNCIL

This past year has been one for making the Tech Red Cross Council more popular with the Tech students, but still accomplishing their goal as a service club. The Council has put on assemblies, sold flowers at football and basketball games and at the Black Cat Fiesta in December, sponsored a Varsity-Alumni Basketball game, had their annual enrollment drive, sent Tantrums students to entertain at West-over and began a chest to send overseas.

Miss Martin was the advisor again this year. Among the leadership was Ray Catuogno, president; Barbara Sampson, vice president; Agnes Scordino, corresponding secretary; Joan Culverhouse, recording secretary; and Carl Nelson, treasurer.

TECH CLUBS

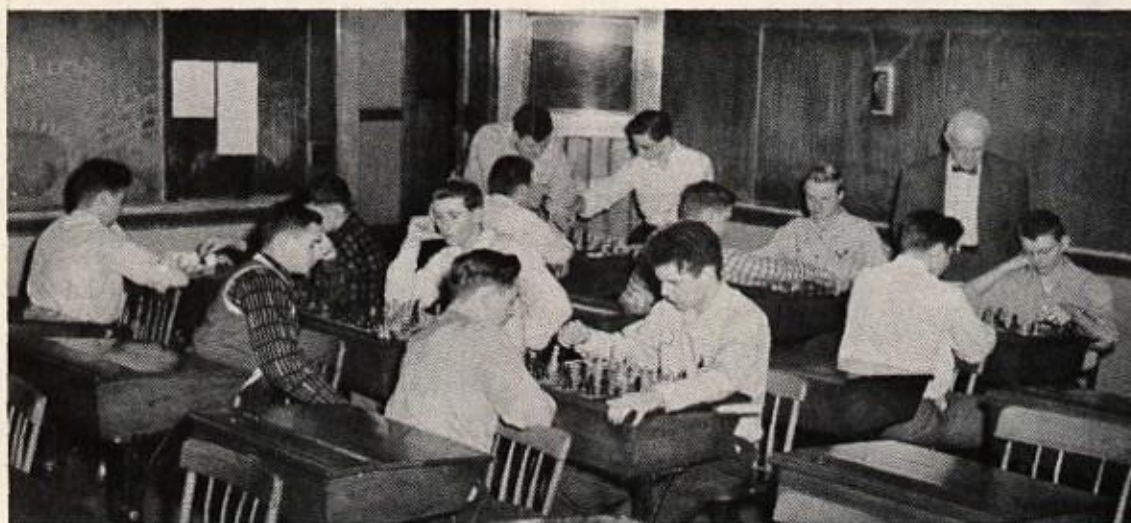

ANGLERS' CLUB

Every Thursday night, the Anglers' Club meets under the able leadership of Mr. Alphonse "Ajax" Jackowski.

The club's membership is open to all who want to join, including faculty members.

There are two main purposes of this group. The first is to exchange knowledge related to tackle and angling, and to study the phases of this sport which most interest the members. The second purpose is to impress upon the members the importance of conservation of the hunting and fishing land of our country.

The members also learn how to tie different flies and how and when to use each one.

Brains at Work!

CHESS CLUB

One of the more interesting groups at Tech is the Chess Club. Its fifteen members meet every Tuesday night after school under the helpful guidance of Mr. Fales Newhall.

This club is open not only for those experienced players, but also for those who want to learn. Membership is gained by attending three meetings.

Officers who were elected in this club are Barry Collins, president; Charles Carrol, vice-president; and Irving Phillips, secretary-treasurer.

Contrary to the common belief, this club is for girls, too. This year, the club had one feminine member, Elaine Xides.

SEATED: Charles Bowman, Ed Lindsay, Vernon Wells
STANDING: Mr. Jackowski, David Bertalotti, Maurice Cocchi, Sigurd Folstad.

DEBATING CLUB

Resounding through the corridors every Wednesday night are the voices of Tech High orators. There in room 209, under the direction of Miss Grady and Mr. Dunn, a variety of statements is debated. During business meetings, parliamentary procedure is used in order that the students might become more familiar with it. Carl Morey presides over these meetings with the able assistance of his vice-president, Darrel Lund, and secretary, Betty McDonnell.

This is the first time in many years that Tech has had a debating club. It was formed primarily to prepare students for Model Congress, which is held annually at A.I.C. This year, Tech's five representatives made a fine showing and proved the debating club is a beneficial as well as an enjoyable activity.

DRAMA CLUB

Meeting Thursday night in Room 216 is the Dramatic Club under direction of Mr. C. C. Hanigan.

Under his able supervision, the club has put on many interesting plays. Among these were an S.A. assembly and "Why the Chimes Ring", which is put on every three years at Christmas.

This year this group also put on a show for the Black Cat Fiesta. For Tantrums, they had a very interesting act.

Bill Frank was elected as president of this group. Jean Culverhouse vice-president and Judy George as secretary-treasurer completed the officers for the year.

SEATED: Mike Ghareeb, Harvey Plaus, Dave Salmond, Don Trice, Cordell O'Connor.
 STANDING: Irving Phillips, Jack Hartley, George Korgin, Bill Figoni.

G. A. A.

An organization at Tech in which most girls participate is the Girls' Athletic Association. A girl must attend five sports meetings to become a member. This year Barbara Sampson is president; Linda Rugani is vice-president, Nancy Gifford is secretary; and Audrey Keating is treasurer.

The G.A.A. officers, along with Mrs. Kohn and Miss Grey, plan most of the girls' yearly sports activities. This year Tech sponsored the Field Hockey Play Day and put on a dance. Some of the sports in which the girls participate are volley-ball, swimming, basket-ball, and tennis.

Left to Right: Brenda Oliveri, Barbara Sampson, Audrey Keating, Sonia Boshko and Linda Rugani.

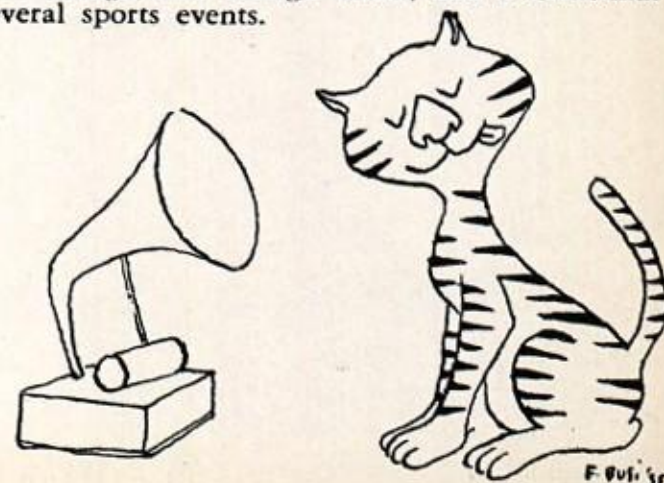

TECH HI-Y

This year, the Hi-Y sallied forth with a full program of activities.

With Jerry Lemberg as president, David Salmond as vice-president, Harvey Plaus as secretary, James DiSanti as treasurer and Don Trice as chaplain and under the guidance of Dr. Thomas "Doc" Candon, they had a very exciting and enjoyable year.

At the Connecticut Valley Tri-Hi-Y Youth and Government Assembly, Dave Salmond was elected Parliamentarian. This is a new office and Dave is the first to hold it.

Some of the prominent events of the year were speakers on Military Obligation, preparation for college, and foreign affair; and a Christmas party, a hay ride, and several sports events.

TECH CLUBS

TECH NISIMAHA

The Tech Nisimaha is a comparatively new Tech club. It was organized in March of 1955 by several freshman girls, because the City Nisimaha was overcrowded. Each Thursday, the twenty-five Nisimaha members meet at the Y.W.C.A. The evening is started with a business meeting, followed by fun in the recreation room. Tech Nisimaha is quite an active group. It publishes a Y-teen newspaper and is presently working on adopting a war orphan through the Foster Parents' Plan. The officers of Tech Nisimaha are: Judy Pinney, president; Evelyn Lantz, vice-president; Judy George, secretary; Judy Konopka, treasurer; and Audrey Keating, inter-club council representative.

FIRST ROW: Sue Taylor, Evelyn Lance, Beverly MacLeod, Nancy Rahain, Ann Howe, Ann Buckley, Judy George, Elaine Boyce.
SECOND ROW: Leta Feinburg, Judy Vedovelli, Joan Shea, Nancy Ciaschini, Audrey Keating, Judy Roncalli, Judy Konopka, Pat Moody, Russel Bolin, Joan Culverhouse.

FRONT ROW, left to right: Paul Hamilakis, Christine Frank, Judy Lambert, Fred Brown.
SECOND ROW: Robert DeFilippi, Albert Briggs, Richard Monighetti, Carl Nelson, Ralph Ridgeway, Felix Tranghese.

PHYSICS CLUB

Mr. Manning Case and his two assistants, Dave Salmand and Harvey Plaus, supervise the Physics Club and the Tech High Radio Association.

The Physics Club is open to all those who have a science hobby and wish to further it, or to those who wish to start one.

The Radio Association broadcasts under the call letters of WICCR and is open to those who have a license and those who are about to apply.

These two clubs meet every Thursday night after school and work for about two hours. They help to keep the school science equipment in good condition.

The Physics Club took a trip to a television studio and both groups had projects in the Science Fair.

The Physics Club is affiliated with the Science Clubs of America, and the Radio Association is registered with the Federal Communication Commission.

PHOTOGRAPHY CLUB

One of the newest groups at Tech is the Photography Club. This club, under the direction of Mr. Lague, was organized to give persons who are seriously interested in photography a chance to learn how to operate cameras and take good pictures.

The club is divided into two groups, beginner and advanced. Both groups carry out proffice assignments and take part in picture competition. As the members become more qualified, they are allowed to take pictures to be used for bulletin board displays. Later, their pictures are actually used in school publications.

Left to Right: John O'Brien, Mike Ghareeb, George Korgin, Bengt Richter, Stearns Johnson, Lester Seigel, Dave Haynes, Don Beck, Toy Lam, Robert Coulter, Harvey Plaus.

PHYSIOLOGY CLUB

Advised by Mr. James Curran and under the leadership of the very capable officers, the Physiology Club had a very successful year. The officers were Phyllis Samola, president; Linda Rugani, secretary; and Joyce Barkett, treasurer.

The chief purpose of this group is to acquaint the girls with the complex workings of the human body.

One of the first activities of the year was a field trip to the University of Massachusetts. There they were shown and told about the botany, zoology, bacteriology, and physiology labs.

Other activities included field trips to the science labs at Mount Holyoke College and Springfield Hospital.

The group also conducted tea hours and luncheons at which they heard talks by prominent men in the field of biology.

FIRST ROW: Sandy Bastien, Peggy Prueffer, Nancy Ciaschini

SECOND ROW: Kathy Wood, Sally Phillips, Joyce Barkett, Judy Breault.

THIRD ROW: Phyllis Smola, Nancy Auld, Barbara Thompson, Beverly Bullions.

RIFLE CLUB

Every Thursday night, from the Trade School rifle range, comes the staccatto sounds of the Tech High Rifle Club. This group is under the supervision of Mr. Stanley Sprague who teaches them the care and safe handling of firearms.

Officers for the group are: Al Sprague, president; Ray Heckler, vice president; and Linda Hocker, secretary.

Two of the most important qualifications are that the members must furnish their own rifles and that all rifles must be equipped with target sights.

SEATED: Richard Bolt, Ray Heckler, Francis Gerow, Barry Collins, Bruce Clark.

STANDING: Bryce Nash, Stuart Alpert, Charles Carroll, Michael Khouri, Albert Cozart, Linda Hocker, Ken Buckley, Robert Kane, Richard Willis.

ARCHERY CLUB

LEFT TO RIGHT: John Brown, Paul Norman, Dawn Hardy, Bohdan Eisenberg, Dave Allan, Dave Cozart, Sandra Desnoyers, Mr. Robinson, Gary Clifford, Nick Passidakis, Don McNaughton.

FIRST ROW: Mike Klar, Bill O'Connell, Robert Sampson.
SECOND ROW: Ann Howe, Carl Morey, Bruce Schoppe, Barry O'Connell.

THIRD ROW: Dick Desrosiers, Paul Philbrook.
STANDING: Mr. Ziemba.

ENGINEERING CLUB

On Tuesday afternoon, the Engineering Club meets under the guidance of Mr. Stephen Ziemba.

The only requirements to join the club are a strong interest in some field of science and some ability in physics and math.

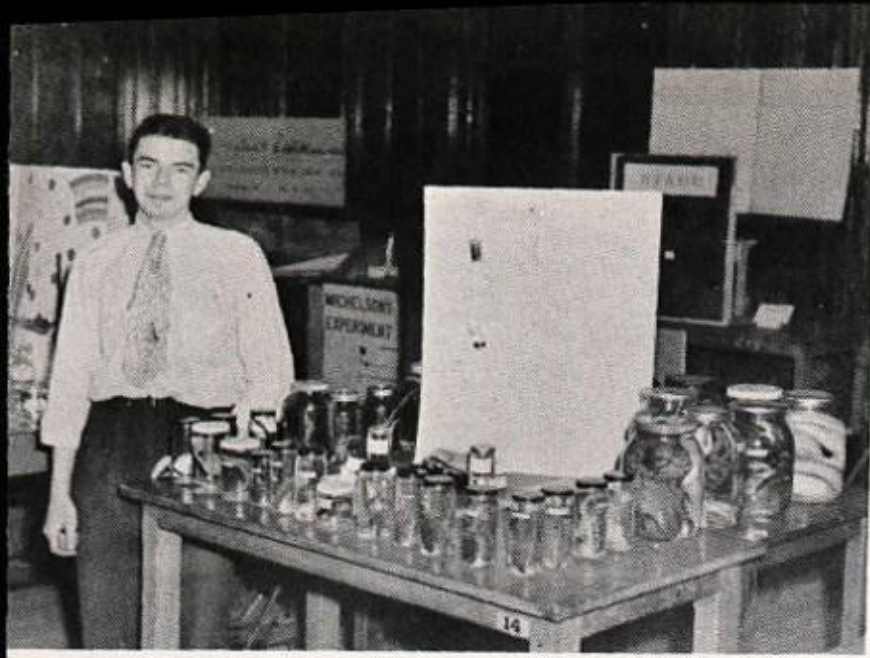

The meetings are planned so that local engineers come in and talk about their jobs. In the following weeks, the group visits their places of business. The members are also working on projects for the Science Fair and their own engineering Fair.

The officers of the club are Bruce Shoppe, President; Wayne Braudreau, Vice-president; Ann Howe, Secretary and Frank Saucy, Treasurer.

SCIENCE FAIR

"Chemistry Aids the Biologist"
Richard Bartlett

The Technical High Science Fair is an annual event open to all of Tech's science students. Many interesting subjects are displayed by the students in competition for prizes. The prizes are awarded in the various subject fields such as chemistry, physics, biology, and electronics. The standards of evaluation used by the judges, who are selected from the community, are based on these four divisions: scientific approach to the problem; advancement in science of the contestant; ingenuity of construction, technical skill, and workmanship; and thoroughness. The projects had to be the work of one and only one student in order to qualify for the awards. Two of the first prize winners went to M.I.T. to compete with prize winners from all over the state. There, they had a chance to enter the National Science Fair.

The big event of the year, Tantrums XIII, which was eagerly awaited all, proved to be a dazzling display of versatile talent. Thanks to the unlim time and effort on the part of Mr. Dunn, Mr. Crabtree, and Mr. Hannigan well as many Techites, Tech Tantrums was once again a great success.

The show which had no particular theme this year was divided into t major acts: jungle, tiger club, and circus. Stu Langton and Al Wolff sh the honors of emcee.

The jungle act, which featured native bongo drummers and dancers, its setting in the Caribbean. The effect of the colorful scenery and costu was very professional and dramatic.

On a flick of the eye, the auditorium was magically transformed into tiger club with a background of charcoal grey and pink. The four Bea

It can never be said that our great faculty is not "hep to the jive" for they all gave out with some real cool music! Complete with pink bermudas, they rocked the audience with old favorites as well as new.

The spirit of merriment that reigned over the circus scene with its gay traders, band, wild animals and clowns infected everyone. Dancing bears and others, singing seals, and even a boy shot through a cannon—all were part of Tantrum's fantastic circus.

As the curtains closed on Tantrums's XIII, we all knew that it would become part of Tech on Records in years to come.

Just as Mr. Lee S. Crabtree, our director of music and better known as "Mr. C", is recovering from the final headaches of Tantrums and has just replenished his supply of aspirins, the new problem of putting together a music show arises.

Every year, Mr. C coaches and trains the five groups to perfection. He works very hard, and this year when show time rolled around, each choral group had four selections and the band, five.

Then the chorus joined with the band to finish up the show with "Lift up Your Heads" by Coldridge and Taylor.

Heartiest congratulations to Mr. C and the choruses for a wonderful show.

FASHION

Left to Right: Sandra Hieronymus, Connie Sykes, Madelyn Hoar, Linda Hocker.

The Fashion Show this year, under the direction of Miss Eleanor Mastangelo, was a great success. An all girls' assembly, it was held during the last period on Tuesday, May 15.

Year-round fashions were featured. Some of these fashions and the people who modeled them were Barbara Brardoli in a kelly green wool sheath dress; Nancy Ciciashini in a light blue, white flecked, wool, sheath jumper and a jacket to match; Patricia Conant in a gown of red taffeta covered with white nylon sheer; Sandra Lincoln in a navy tweed wool spring coat, and also a black blazer; Sally Phipps in a light blue, white, and black spring printed cotton sateen dress and a grey box jacket suit; Gail Slate in a royal blue velveteen dress; and Dolores Twarog in a navy faille coat with a pink lining.

Also Linda Anton modeled a charcoal brown box jacket suit with a contrasting weskit; Nancy Rahaim modeled a light green tweed princess spring coat, and Sandra Bastien modeled a charcoal grey wool dress with white pique collar and cuffs. Fleurette Giard and Carol Mastey wore twin outfits of black felt circle skirts and blue cotton blouses. Connie Sykes was shown in a blue wool plaid princess jumper and Dorcas Moore, a white sheath jumper.

Left to Right: Sally Phipps, Gail Slate.

Janet Downhill displayed a black wool jumper, and Edith Larson, a charcoal green wool jumper. Elizabeth Grover was seen in a light green tweed suit, and Madelyn Hoar, in a black watch box suit. Nancy Baillieul wore a blue linen suit with a white printed lining and blouse to match, while Dawn Hardy wore a black, grey, and white printed cotton summer dress. Linda Hocder had on a rust corduroy suit dress, and Ellenore Kapansky, a light blue faille coat.

Also Judy Cloutier modeled a moss green and beige cotton print blouse while Jacqueline McCurley wore a brown, rayon, circle-pleated skirt. Cynthia Smith wore a tan wool sheath jumper that buttoned down the front and Judy Konopka wore a long torso, full skirted, cocoa, broadcloth dress with a white collar. Russella Bolin was seen in a dark brown cotton print princess dress.

The success of this show would not have been possible without the help of Mr. Charles Winslow, stage, Miss Ida Roy, art, and Miss Beatrice Miller and Miss Helen Borner, refreshments.

There I am!

BLACK CAT FIESTA

The Black Cat Fiesta was one of fifty-five's out-standing events. In addition to the usual booths, auction, and side show in the gym, there was a regular "adult" show in the assembly hall. Jimmie Stewart and Art Moses M.C'd the show with music supplied by the combos of Dick McSweeney and Joe Roccisanno. The show included dancing, singing, and many other variety-show acts.

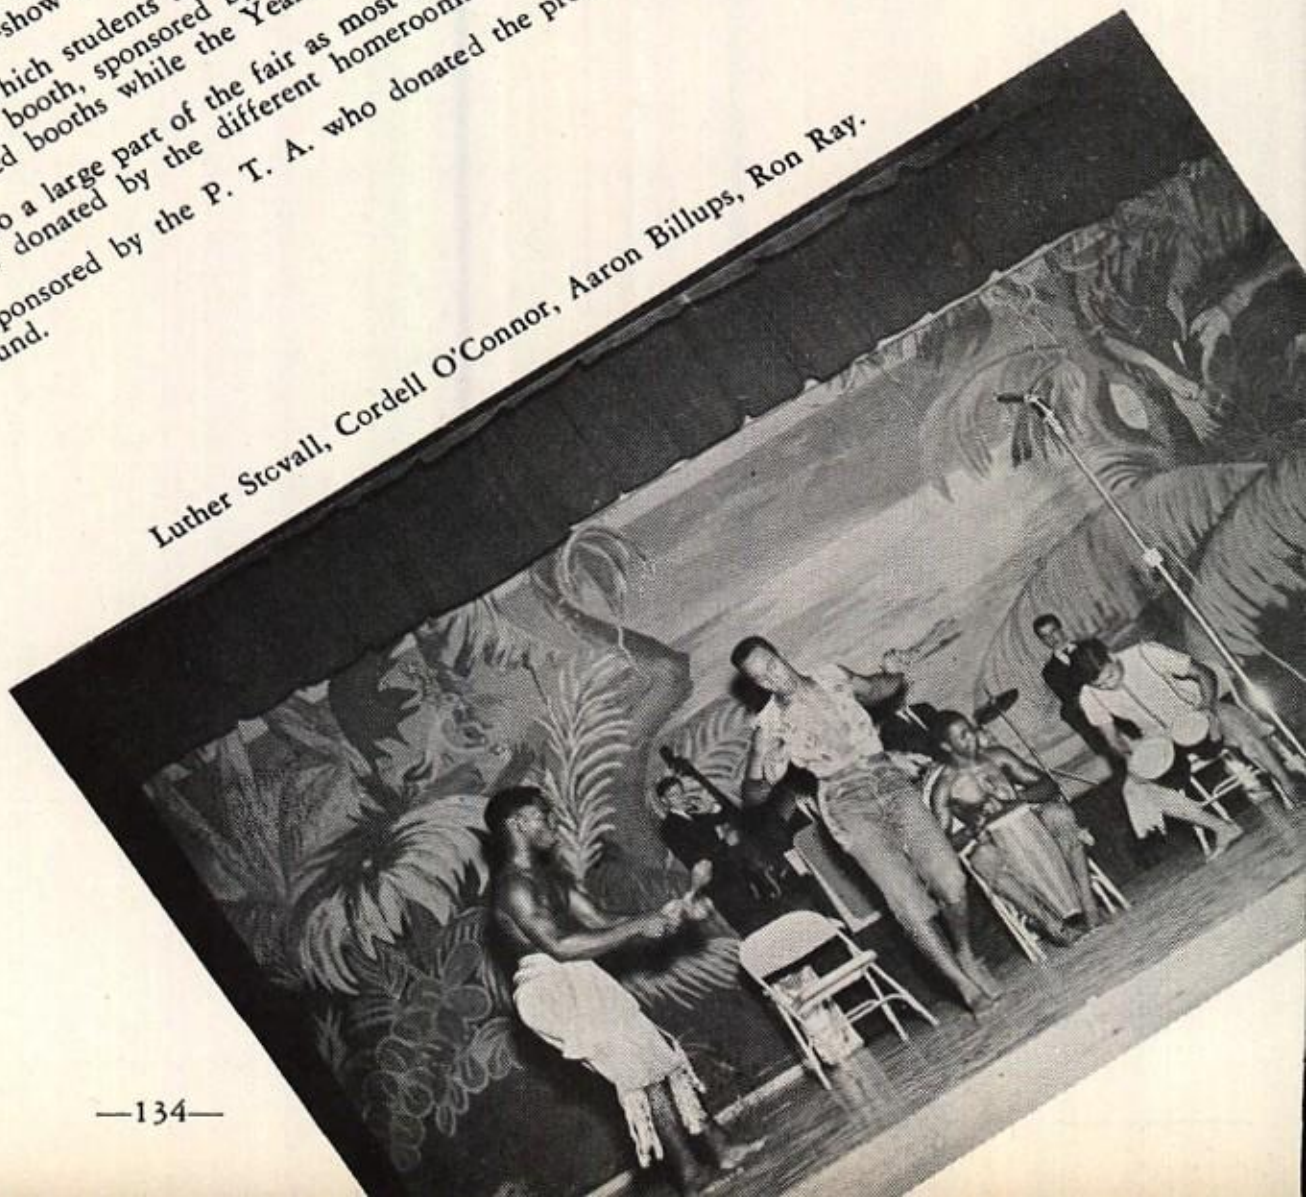

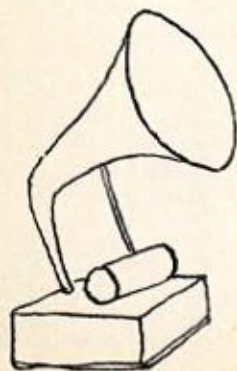

As usual the booth at which students and guests threw wet sponges at their favorite teachers was the most popular. The food and flowers booth, sponsored by the Home Economics department, was also very successful. The various school clubs sponsored booths while the Yearbook staff supplied orange drink.

The auction was also a large part of the fair as most of the adults and quite a few students were attracted by it. They sold many items donated by the P. T. A. who donated the proceeds of eight hundred sixty-six dollars to the Students' Handbook fund.

Once again the TECHNICAL High School football team fared well against the strong competition in the Western Massachusetts Football League, finishing in fourth place. After losing twenty-nine of the thirty-three regulars of last year's championship squad, Russell Peterson, head coach, with the able assistance of coaches Robert Pasini, Joseph Ambrose, Jack Shea, and William Lennon, started to build the foundation of a team that would be representative of Tech. They have done just that as this year's statistics show. The 1955 Tech team wound up the season with four wins, three losses, and a tie. The team should be respected considering the stiff competition which they faced.

Opening the regular season against a strong, championship-seeking Greenfield team, the Tigers showed their lack of experience in being downed 25-0. With just one game under their belts, the Tigers prepared to meet a strong Agawam team. Combining the little experience gained in one game with a never-dying spirit, the Tigers came from behind twice to gain a tie, 27-27. The game was one of the most exciting seen in Western Massachusetts in a long time.

With hopes raised, the Tigers set to work preparing for the all-important Chicopee contest. Two days before the game quarterback Jim MacGovern, one of the few veterans remaining from the championship squad of last year, suffered a shoulder separation in practice. The Tech team, with Bob Maccarini filling the quarterback slot, seemed to lack the spark they had in the Agawam game and were handed their second defeat, 13-0. Cathedral, with a hard-charging line, fast and shifty backs, was too much for the spirited Tigers in the always exciting traditional Cathedral game, being handed their second straight defeat, 27-6. With such a record as the Tech Tigers had at this time, most teams would have quit, but not Tech's. On to Northampton where the Tigers showed their ferocity in whipping Northampton 21-0. Next on the Tigers revenge list was Holyoke High School. Combining speed with courage, the Tigers were hard to stop as they romped over Holyoke 26-0.

Scrambled boys.

The Tiger teams was on its way now as they had their eyes set on that all-important .500 per-cent mark. Westfield was toppled 27-6, thus giving Tech its first win at Pynchon Park this year. In a thrilling battle the Tech Tigers finished their season by beating West Springfield 14-12. With ten seconds remaining, and the ball on Tech's one yard line, West Springfield in possession, the West Springfield quarterback handed off to their ace-halfback, but he was stopped on the 6 inch mark by a stubborn Tech line. This victory gave Tech a per-cent well over the .500 mark.

The future looks bright, as Tech has eighteen men out of the 33 regulars returning next year. They are: Mike Del Viscio, Frank Dias, Stuart Dennis, Robert Focosi, Edward Forbush, Donald Grady, Garry Hill, Ernie Hanson, Al Jolioeur, George Kane, Arthur La Bonte, Ray La Plante, Thomas Lynch, Thomas Marini, John McCormack, Bryce Nash, Malcolm Perry, and James Windguard. This combined with a strong freshman team, should give stiff competition to next year's opponents. Congratulations to these senior Tech Tigers: Dan Balardini, Alan Beardell, Robert Boyle, Joe Ferri, Fred Guyer, Gene Hanks, Robert Jablonski, Dick Joubert, George Lewenczuk, Robert Maccarini, James McGovern, Cordell O'Connor, David Peterson, Dick Russell, William Safarik, Dick Swenor, and Allan Wolff.

TECH vs. COMMERCE

Tech was unfortunate this year due to the complete loss of last year's starting team. With all new material, Coach Bill Lav built his team mostly around Steve Empsal, David Peterson, Earl Harrington, Ken Morehouse, Jim Gavin, and junior Jack McCormack. These players saw a lot of action on the junior varsity last year.

Tech played seventeen games this year, winning eight and losing nine. We started the season fast by topping Classical, then traveled to New York State and lost to a fast playing Mt. Pleasant five. Next Tech played Northampton and lost in the closing seconds by three points. The following game was a push-over as the Tigers swamped Commerce in its second Inter-City League win.

TECH vs. CATHEDRAL

Then the downfall started, as Tech lost its next six games in a row. Losing one by five points, one by two points, and one by one point, the Tigers could not seem to click. But, Tech's best was yet to come as the team won its next six games by convincing scores. The Tech Tigers closed out the season by losing to Cathedral in the final Inter-City game, as Cathedral won the game. The game was close and exciting.

Tech can be proud of its players as they showed great spirit throughout the entire schedule. The team was composed of S. Thompson, J. McCormack, J. Gavin, T. Connery, J. Lundberg, Z. Matz, B. DeFilice, K. Morehouse, A. Sprague, and D. Cyboron.

After nine long years, a Tech soccer team finally made the finals of the Western Massachusetts Soccer Championships. Playing on a field of mud and snow, the Tigers battled Classical to 1-1 tie. Inside Jim Gavin kicked a goal into the nets to give Tech a 1-0 lead half-way through the fourth period. With three minutes remaining, Classical managed to tie the score with a low shot into the corner of the goal. The teams then fought through two overtime periods with no one scoring.

Tech had a very successful season, winning 11, losing 1, and tying 3. The Tigers were co-champions with Classical for the inter-city title. The team opened the schedule by winning its first five games. John Kinsley, Jim Gavin, Tony Rodlakis, and Andy Psilakis were the scoring punches. Dick Scofield, Sonny Tyson, Dave Socha, George Korgin, and Frank Savoy did outstanding work in stopping opponents from scoring. In the Tigers next game, they took their only loss of the year, losing on a penalty kick to Classical. The Tigers avenged their defeat by beating Classical 1-0 in their final game. The Kallockmen then beat West Springfield, Commerce, and Trade. Commerce managed to tie Tech in their second annual match 1-1.

SOCCER

The next game of the schedule was played with Ludlow, ending in a 1-1 tie. With such a fine record and the Co-title of the City Championship, Tech was invited to play in the Western Mass. playoffs.

In their first game, the Tigers easily beat Easthampton 6-0. Jim Gavin led the scoring with three goals. Dave Socha, John Kinsley, and Tony Rodolakis scored the remaining goals. Goaly Dick Scofield and fullbacks Sonny Tyson and George Korgin did an outstanding job on defense. In their second game, Tech beat Ludlow 2-1. Andy Psilakis and John Kinsley scored the goals.

On the whole, Tech High can be very proud of its soccer team. Members of the team were: D. Socha, P. Rowe, F. Savoy, T. Rodolakis, F. Tyson, J. Gavin, B. Clarke, A. Psilakis, D. Scofield, J. The smell of chlorine in the air, the sound of water slopping up against the sides of the Boys' Club pool tells us that we are in the presence of swimmers. Eighteen splashers, one manager, and a coach compose the Tech team. The Tigers had a rugged schedule of fourteen meets which they engaged in with such vigor that only three teams escaped drowning. The team was tremendous; they had the old "Tech Spirit", the will to win. The only teams they lost to were the University of Connecticut freshmen, Willistan Academy, and Deerfield Academy. The team participated in three championships: the Massachusetts High School Championships at Gardner High School, the Western Massachusetts Championships at Amherst College, and the New England Championship at Andover Academy. They placed second in the state championships and won the Western Massachusetts Championships.

The Tech hockey squad had a successful season, finishing with an 8-4 record. Under the guidance of Coach Jack Shea and Mr. Charles Hill, former McGill hockey star, the team finished first in its division in the Western Massachusetts Hockey League.

The Bengals opened the season with three straight wins over Trade, Chicopee, and Classical. Next on the schedule were the Trade Beavers who managed to hold the Tigers scoreless while scoring the goals themselves. However, Tech bounded back with an 11-4 win over Chicopee. Then the Tigers won their next four games over Classical, Holyoke, Chicopee Vocational, and Cathedral, and finished the season with a loss to West Springfield ending in first place in Division 1.

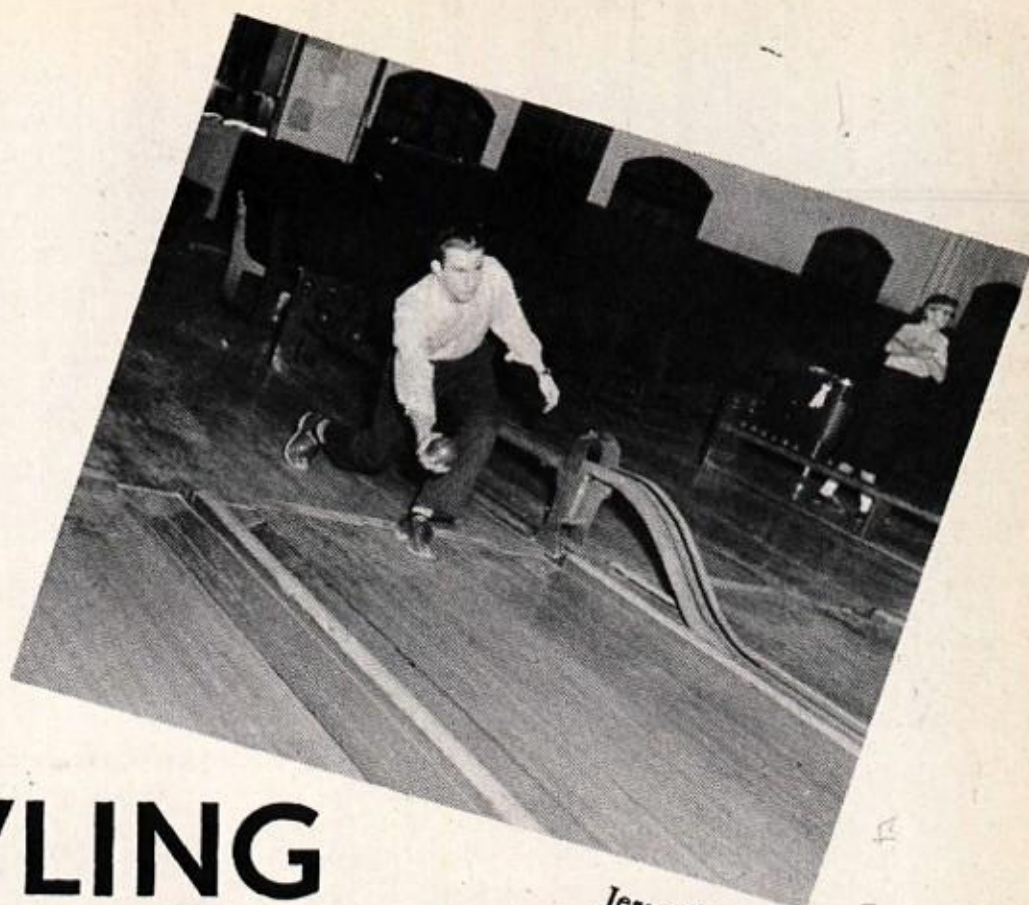

Then in the playoffs, the Tigers lost a very close game to Cathedral, 1-0. They also lost a consolation game to Classical.

Throughout the season the Tech sextet was usually comprised of Jerry Bissonnette, Fred Guyer, George Hinckley, Ronnie Mayhew, and Dave Socha, with Bob Maccarini tending goal. Coach Shea also had a fine group of substitutes without which he could not have done so well.

The pins are rolling; the Tech bowling team is on the alley. The nine Tigers under the supervision and guidance of Russ Peterson are playing and winning their final game of the season. This will be the second time Commerce has fallen prey to Don Grady, Paul Hebert, Fred Hunter, Jerry Paros, Bob Ellis, Bill Safarik, Jerry Douglass, Don McNaughton, and the bowling manager, Bob Focosi. The team did a splendid job compiling an impressive record of six wins to four losses. They had a winning season with an average well over the .500 mark. But, again they failed to gain permanent possession of the Interscholastic League Bowling trophy. Competition in the league of 5 schools was great and probably the toughest two games to lose were to our neighbors across the street; the other two losses were to Trade, this year's champs. There is much self-satisfaction and pride among the team over their record and we at Tech are proud of them; they represented Tech in the traditional spirit. We give them a tip of the hat and our best wishes for next year.

The Tech tennis team, due to the hard work of Mr. Bowler and the eagerness of the players, improved greatly over last year's record.

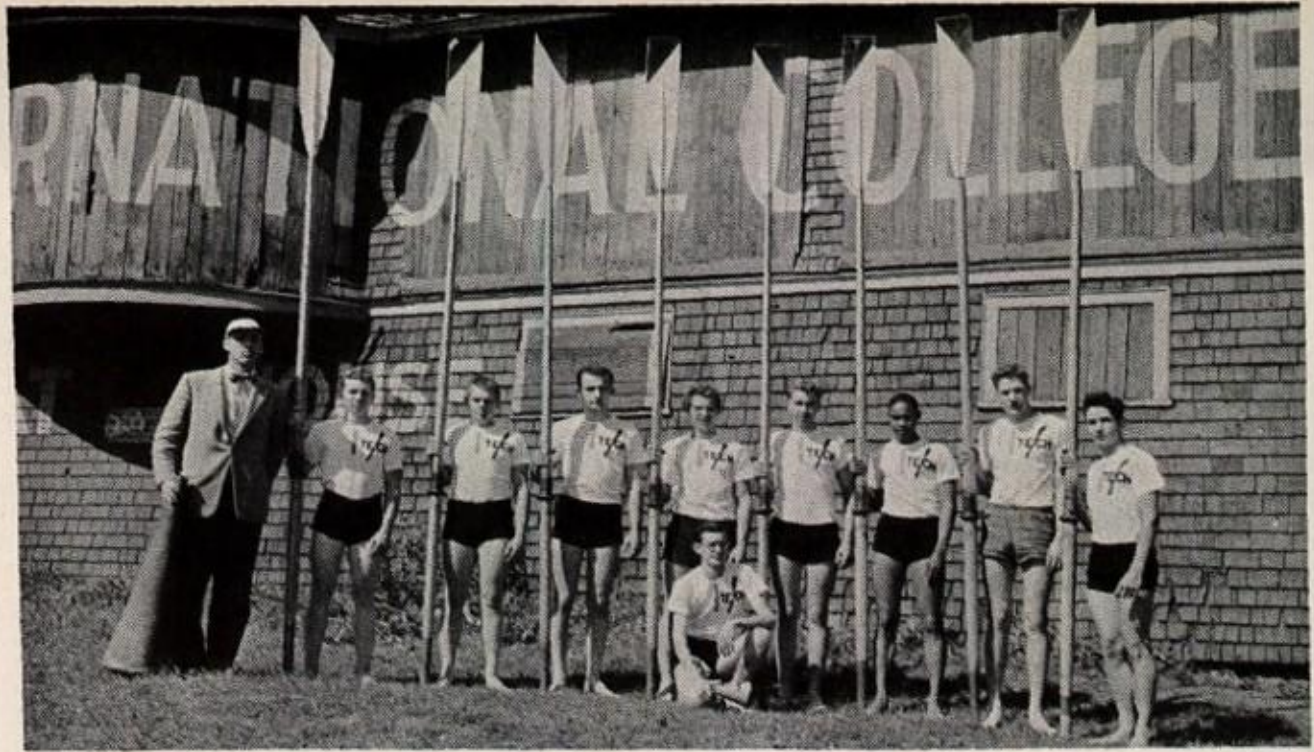

With but one member returning from last year's varsity, the Tigers won three, tied 1, and lost 4. Paul Litman, a freshman, was outstanding in the singles, winning 7 matches and losing 1. Tech is very fortunate in having back next year 5 of the 6 starters. Gerald Hellerman, a senior, was first man for Tech and did a great job. The rest of the team was composed of William Frank, George Korgin, Paul Litman, Buckley Clark and Frank Savoy.

TENNIS

Mr. Zahner, Ron Carroll, Al Deyo, Neal Minor, Ken Taylor, Tom Pettengill, Charles Taylor, Jim Wingard, Charles Petronino. KNEELING: Bernie Choiniere.

Bernie Choiniere, Ronnie Carroll, Al Deyo, Neal Minor, Ken Taylor, Jim Wingard, Charles Taylor, Tom Pettengill, Charles Petronino.

Crew first started in 1953 when a group of sea-scouts plus a number of others encouraged Mr. Zahner to organize a crew at Tech. That year, the ice froze and then after it broke up again, Tech's crew was out on the river shaping the path for crews to come. This was all made possible by A. I. C. coach Bill Bubrer who loaned us the facilities of their boathouse and one of their boats. Since then the Springfield School System has acquired three boats of their own and Tech has had a very successful season.

The first race was with Berheley House of Yale University which they won. They then raced the Yale Freshman second crew for Tech's only victory. Poughkeepsie High was the next victory, and was won by a length and a half. Tech won the last race with Andover by a length, making a record of three wins and one loss.

The winning cox being thrown in the river.

FIRST ROW: Nancy Gifford, Shirley Katz, Meredith Kyrvard, Roberta Roberts, Sue Taylor,
 BACK ROW: Barbara Holmes, Dale Jones, Janet White, Jo Ann Shay, Sue Northrup,
 Nancy Auld, Joyce White, Nancy Baillieul.

Watch that Net!

Get that goal, Tech!

FIRST ROW: Martha Toelken, Barbara Rice, Doreen Dibble, Caroline Roberts, Beverly Macked, Nancy Rahaim.
SECOND ROW: Sandra Thompson, Nancy Auld, Sue Northrup, Kathy Wood, Eleanor Ritzman, Helen Wheatly, Norma Sidell.

GIRLS' SPORTS

For pure pleasure and for physical training, Miss Gray and Mrs. Kohn supervise the Tech girls during school and at after school sessions. These active teachers help the girls toward better sportsmanship.

Field hockey was played in the Fall at the Armory grounds. The best players were then chosen to represent Tech at the annual Field Hockey Playday at Forest Park. Tech was hostess this year, as all the high schools participating take turns as hostesses at the volley-ball, basketball, and field hockey play days.

During the winter months, the girls' gym, the boys' club swimming pool, the Chestnut Bowling Alley, and the Coliseum were used by G.A.A. members. In the gym, mats and apparatus such as horses, bucks, boom, rings, and ropes were used for stunts. Also volley-ball and badminton were played over nets strung across the gym.

One of the most popular girls' sports was basketball, played with a skill which can match the boys'. Square and modern dancing were taught in classes and exhibited in Tantrums. The girls bowled every Thursday afternoon at special rates practically all winter. Swimming was enjoyed by the girls at the Boys' Club pool. This year, a Senior Life Saving Course was held for those eligible. Tryouts for cheerleading were held in late winter. There was a very large turnout for the nine possible positions on the squad.

Spring finally arrived and with it, the opportunity to play softball and tennis at the Armory and Forest Park. To end an unusually busy year, the most active girls were awarded with school letters, and the highest award, the G.A.A. pin, was given to a few honored girls at a spring assembly.

AMERICAN INTERNATIONAL COLLEGE

Springfield, Mass.

"Serving the Connecticut River Valley"

American International College is a co-educational, non-sectarian liberal arts and business administration college located at 170 Wilbraham Road, Springfield, Mass. Since its inception in 1885, it has expanded to a present day enrollment of approximately 850 full-time students.

Some of the College's major achievements are its Overseas Extension Divisions currently located at Bermuda, Dhahran in Saudi Arabia, and the Azores. These were established during 1950-52 with the cooperation of the United States Air Force. The most recent development at the College is its participation as the "advanced vanguard" in a nation-wide program being conducted by the Mutual Security Agency of the United States to better acquaint foreign student-workers with the functions of democracy by allowing them to work and study here.

American International College is a member of the New England Association of Colleges and Secondary Schools, and is recognized by the American Council on Education and the American Medical Association. It is also registered by the Board of Regents of the University of the State of New York.

"Bank Day" at the TIGER SAVINGS BANK, a Junior Achievement Company, provides the opportunity for Technical High School students to save ahead for the things they need and want.

But the need for saving does not end with graduation. How you handle your money will play an important part in your happiness, for if you spend unwisely, you will find your money gone and your real goals still unattained.

Make this important decision now—that you will save regularly. Tiger bank books may always be used at any S.I.S. office, or we will be glad to open a new book if you have none.
